Editors Note

Spring finally seems like it's arrived in Kulin the last few weeks, and I for one am thankful for a respite from the cold snap we had at the beginning of spring! Last week I was away from the office on a mini break to go competing in campdrafting up at Eneabba and Gingin where the weather was even warmer and I got a very good dose of sunlight, and not much else, so no ribbons or placings - this time!

A huge thank you to Gemma Boxall for running the Aladdin production on Saturday while I was away, I've heard great things about it and it sounds like it was well supported.

Citizenship Award nominations are closing soon on Monday Oct 31. If you would like to nominate an outstanding citizen from Kulin in Youth, Senior, Group or Event or a genuinely amazing person head to the website www.citizenshipawards.com.au and Nominate Now! It won't take long and it's a great way to acknowledge any sporting club members who have gone above and beyond this season..

Events coming up
- Cuppa with a Copper Wednesday, November 2 10am - RSVP's are appreciated
- Christmas Markets Saturday, December 3
- Australia Day Awards Thursday, January 26

Please note that due to the Melbourne Cup on Tuesday the Shire office will be closed from 11:30am to 1pm for lunch.

By Kate Bishop

The last month at the Shire office has been extremely busy with the lead up to Kulin Bush Races, rates due and auditing time.

There's been a number of events that have happened in the Shire that I haven't reported on due to lack of time to write the articles so my apologies for this.

So instead of the usual CEOs Corner we are providing the community with a brief wrap up of these events.

In September we hosted a Women's Wisdom of Wealth financial workshop supported by Kulin Community Bank.

I attended this workshop along with eight other women from the community and we were all impressed by Christina Cabrera experience and insights into individual financial goals.

Gender equality is a hot topic regularly in the media recently, particularly highlighted in the gender pay gap.
As a contributing factor to this inequality it has been identified that women in general have poorer financial literacy skills than men.

Women tend to look after everyone else first, and this can have significant financial consequences later on in life when it comes to major life events and retirement.

The workshop in September was only a taste tester of what Christina could offer us and there is talk of her coming back for part two so if this topic interests you please let me know.

In October while we were all busy with the Bush Races you may have noticed a film crew about town! The Shire of Kulin in conjunction with Australia's Golden Outback, The Shire of Kondinin and The Shire of Lake Grace were approached by Our Town's producer Lee Lorraine from Visage to put together a 'Pathways to Wave Rock' TV episode.

We were lucky enough to get them to come to town to film during the Bush Races and were able to film a number of important stories from around town while escaping the incredible bad weather!

Our Town recently announced that the first episode in the 10 part series airs on Sunday, December 11 at 5pm on GWN7 and Channel 7. Starting with the Kimberly. I imagine our Wheatbelt episode will be towards the end of the series but I will keep everyone posted as to when it will be airing and share the episode on Facebook.

Untidy Blocks

Thank you to everyone who has made the effort over the last month to clean up around your house. A reminder for those that still need to get rid of potential fire hazards now, as the grasses are drying off. There is also the issue that long grass and rubbish makes an ideal home for snakes and other unwanted pests.

In past years the Council has not seriously considered issuing infringements however this year there will be no warnings given to anyone not complying with the firebreak order.

The section of the firebreak order that applies to townsite land is as follows:

"Land Area less than 1 hectare:-

All hazardous material must be removed from the whole of the land except living trees, shrubs and plants. In the remaining area all vegetation is to be maintained to a height of no greater than 100mm, and;

It be recommended that at least a 2m wide area, immediately within the external boundaries of the lot, be clear of all flammable material except for living trees, plants and shrubs."

For information any land of one hectare or above the rural provisions apply.

Your support and cooperation on this matter is greatly appreciated.

On Tuesday November 2 the Kulin Shire Office will be closed from 11:30am to 1pm

Shower Head Swap

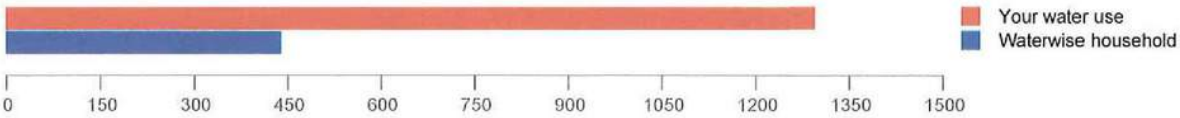
Let's get ready for the warm weather ahead

Parts of our state are getting drier and hotter. While most of us are doing the right thing, it's important to remember our waterwise habits as we head into the hotter months.

This spring and summer **lets continue working together** to save water. **Small changes** in the home and garden can add up to make a big difference.

To help you understand your water use, you will receive three letters with updates on how your water use is tracking over the next six months.

During spring and summer 2015-16 waterwise households in your area kept their water use low at less than 440 litres of water per day. In comparison, your household used an average of **1,296 litres per day.**



Free showerhead swap

Switching to water efficient showerheads can save your household up to 20,000 litres of water a year. To make the switch, simply take a copy of this letter and up to two old showerheads to your nearest exchange point. For more information, go to **watercorporation.com.au/programs**

Saving water in the garden

Over 40% of household water is used outdoors and one of the most common reasons for high water use during the warmer months is increased garden watering. **Mulch, soil improver and wetting agent** will ensure your garden makes the most of the water applied throughout the hotter months.

What is Water Corporation doing?

We know how important it is to continue planning for the future. By **diversifying our sources**, we are less dependent on rain. To find out more, go to **watercorporation.com.au/waterwisewa**

"Before Camp Kulin it was all doom and gloom. Now I can go home with a clean slate, happy and filled with joy like I was. I can't wait til I become a camp counsellor, I'm going to teach the kids of the future just like you did for me."

"Some things I learnt at camp were to be brave, face your fears, don't ever give up, treat others the way you want to be treated, be cool, don't be afraid to ask questions, making friends, speaking up and getting along with people. I want to come to Camp Kulin again as a camper then become a camp counsellor."

Daniel

"My name is Daniel and I am an Iranian refugee who came to Australia by boat. I moved to Australia in 2012 when I was 12. Coming to a new country was uncomfortable, especially because I knew no one around me and couldn't communicate with other people. Suddenly my case worker through ASeTTS referred me to Tanya and she accepted me to be a camper at Camp Kulin.

When I was about to leave my family for camp, it was incredibly hard because it was my first time being away from family. When I arrived at camp I was so worried because I felt like I couldn't communicate and tell people if I had any problems. But camp went so well for me, I felt like I was at home. No one was isolated at camp because of amazing camp counsellors we had. At camp I learnt so many new things which a kid/ teen needs in life - for example self confidence, trust, and working in groups was very important to me because after I moved to high school it helped me a lot.

At camp I made so many very close friends who I'm still in touch with from when I was a camper. Now I've become a camp counsellor I've made more very important friends in life who I can trust and have fun with.

I decided to be a camp counsellor when I was old enough because it was great fun plus I want to make a change in people lives just like my counsellors did for me when I was a camper. For that I will always look up to Tanya because she is the one who makes the most change in a camper's life.

As a camp counsellor I learnt so many things such as controlling younger people with calmness, helping them, getting close with them so they can trust me. At the end of each camp I see how kids changed because of the behaviour they have seen and the way camp counsellors communicate and try to help. Becoming a camp counsellor is for sure one of the most important things in life, it is one of the jobs that I enjoy and want to do it for ever.

For those who donate money to Camp Kulin the only thing I can say is that they are super heroes. Camp Kulin is a great place for kids to go, as soon as they come they enjoy it. I always asked God to bless those who donated money for me to come as a camper. It is really it worth it and when I get older I surely will donate to Camp Kulin. Camp Kulin is very important place because it's like a heaven on earth for kids, where they enjoy and learn so many new things."

Sanjay

"My name is Sanjay and I am from Sri Lanka. I came to Australia as a refugee with my mom in 2012. When I first came to Camp Kulin, I was really quiet, I didn't talk to anyone and I wouldn't get into any activities. I would just let my group do all the work and I would just sit there. But Camp Kulin really bought my confidence up, and I started talking to the other campers and the counsellors more.

Even when I went back to school after Camp Kulin, I started socialising more with other kids and made a lot of friends. I made a really good friend at Camp Kulin, me and him were class mates but we didn't talk at all. We got to know each other in the camp and ever since that we have been really good friends for the last four years.

This year I went to Camp Kulin as a camp counsellor. I wanted to be a camp counsellor because I wanted to help the kids like Camp Kulin helped me when I was young, and give them a really good time in camp. Also I like making people happy and I can do that at Camp Kulin.

This was all made possible because of the sponsors who paid for me to go camp as young boy. If you are considering sponsoring a kid to go camp, please do because Camp Kulin is amazing and so many kids' lives have been changed because of it.

Camp Kulin have changed so many kids lives including mine. There are so many kids who have a really tough time at home, and there are kids who pretty much have to do everything in their house, but at Camp Kulin they have to worry about nothing. All they have to do is have as much fun as possible."

OPENING NOVEMBER 1ST

Kulin Child Care Centre Happenings

The weather has finally decided to warm up…kind of! We have all been enjoying the sunshine and spending as much time as we possibly can outside.

The centre was fortunate enough to have the filming crew from "Our Town" come and spend some time with us to promote Kulin and all our facilities including our fantastic centre on their television program which is due to be aired later on in the year. Keep an eye on the Kulin Shire Facebook page for the date.

We have been focusing on Pets the last couple of weeks at KCCC, pets play an important role in our lives, whether it's a gold fish, hermit crab or a dog. Pets can promote self-esteem and responsibility, encourage physical activity and can sometimes even fill the role as a comforter, pets are non-judgemental!

All our children spoke of their family pets, Grandparents pets and even pets they were looking after for friends with great excitement and love. KCCC has a new pet budgie "Storm" the children enjoy checking his water and food, and making him little treats/toys to play with. Boris the dog visited last week, the weather was so lovely all the children helped to give him a shampoo, towel off and a brush…. not sure who enjoyed all the attention more, Boris or the children!!! We have even had a Guinea Pig visit us for the day, he quite enjoyed all the extra attention too.

Nutrition week was 16-22nd October, to promote “healthy food” options we challenged our parents to send only fresh or homemade food for the week, NO pre-packaged/processed foods. We must congratulate everyone on this, although there was still a few ‘sometime’ foods in the children’s lunchboxes, there was definitely an improvement!! The children enjoyed making a colourful Beetroot Dip and Hummus to share at morning and afternoon tea, we practised our knife skills by cutting up carrot, snow peas, capsicum, celery and cucumber. It was so fantastic to see the children trying different types food.

Till next time don’t forget to SLIP, SLOP, SLAP and SEEK shade!!! oxox

RV FRIENDLY FEEDBACK

Thank you Kulin Shire Council

A brilliant policy. Thank you.

Dear Kulin,
Thanks for the great RV Stop. Great Amenities. We took a detour on our way from Esperance to Perth. Spent some dosh at the IGA, Hotel and Hardware. Will be back for more than 1 night next time.

I would like to thank this wonderful township for their hospitality, for their awesome RV site. It was very much appreciated. I have put it on Facebook about the township and the view of the Tin horses. We were happy with our fish and chips meal. Could I say without offending anyone, if there was a laundromat here it would be most welcome. Hope to be back again, many thanks.

To the Shire, locals and residents of Kulin; Just a note to say thank you for a beautiful, well kept, stay over at the RV Centre. There are not many services like this along the way. Good luck for the future and stay safe. Thank you

RV FRIENDLY FEEDBACK

We would like to congratulate the Council on this fabulous spot. We have stayed at many RV friendly spots and this was far the best. To even have a toilet was handy but the shower was an added bonus (although we have a toilet and shower in the caravan). The amenities were very clean. And yes we spent money in town - a beautiful steak meal at the Pub and we filled the car with diesel plus some food at the supermarket.We absolutely loved the Tin Horse Hway especially the east side and spent a good couple of hours stopping at all of them although the west side were more difficult to view as some were on bends on the road.Thanks again for the opportunity of staying in your free spot. If these facilities are not available we would have driven thru the town and not spent a cent in the town.

A great initiative by the local council, of the best equipped rest stops we've come across in our travels. These free camps encourage travellers to spend in your town whereas caravan park fees can be rather expensive at times. Well done! Only suggestion- for those with bigger RV's/motorhomes like ours, a sign warning of no thru road may be required as turning a big rig around in here was not fun. Most we have been to have entry one end and exit the other.

Keep up the good work, as a couple of nomads who have been around what a wonderful idea. We found out from fellow campers. Pity more towns wouldn't do the same then us travellers would know where to spend our money to help these lovely country towns. Keep it up in this town.

Thank you Darren Thomas for the article.

On Saturday October 22 at the Kulin Memorial Hall The Wembley Theatre Company put on a pantomime of Aladdin. Not really knowing what to expect we entered the hall to a mixed crowd of families, seniors and teens. We were all greeted by the evil Abanaza who instructed us to boo and hiss whenever the 'baddies' entered the stage.

The play began with Abanaza and his two devil sidekicks Mills & Boon setting the scene, we were slowly introduced to the other characters and what their roles were in this magical Kingdom.
Including two bumbling palace guards who entertained the crowd with their inability to effectively maintain their positions and attempts to fool the crowd into thinking they were different people throughout the play.

Aladdin quickly became a crowd favourite with his mischievous hiding and playful childlike wit. However when Aladdin's mother, the lonely old widow Twanky, took the stage to hang out her different types of underwear including her large granny panties she stole the show. Stating she really wished that she had married the Kulin Shire President (look out Barry) so that she had lots of money! Twanky had both adults and children in fits of laughter with her addictive humour and unpredictable behaviour.

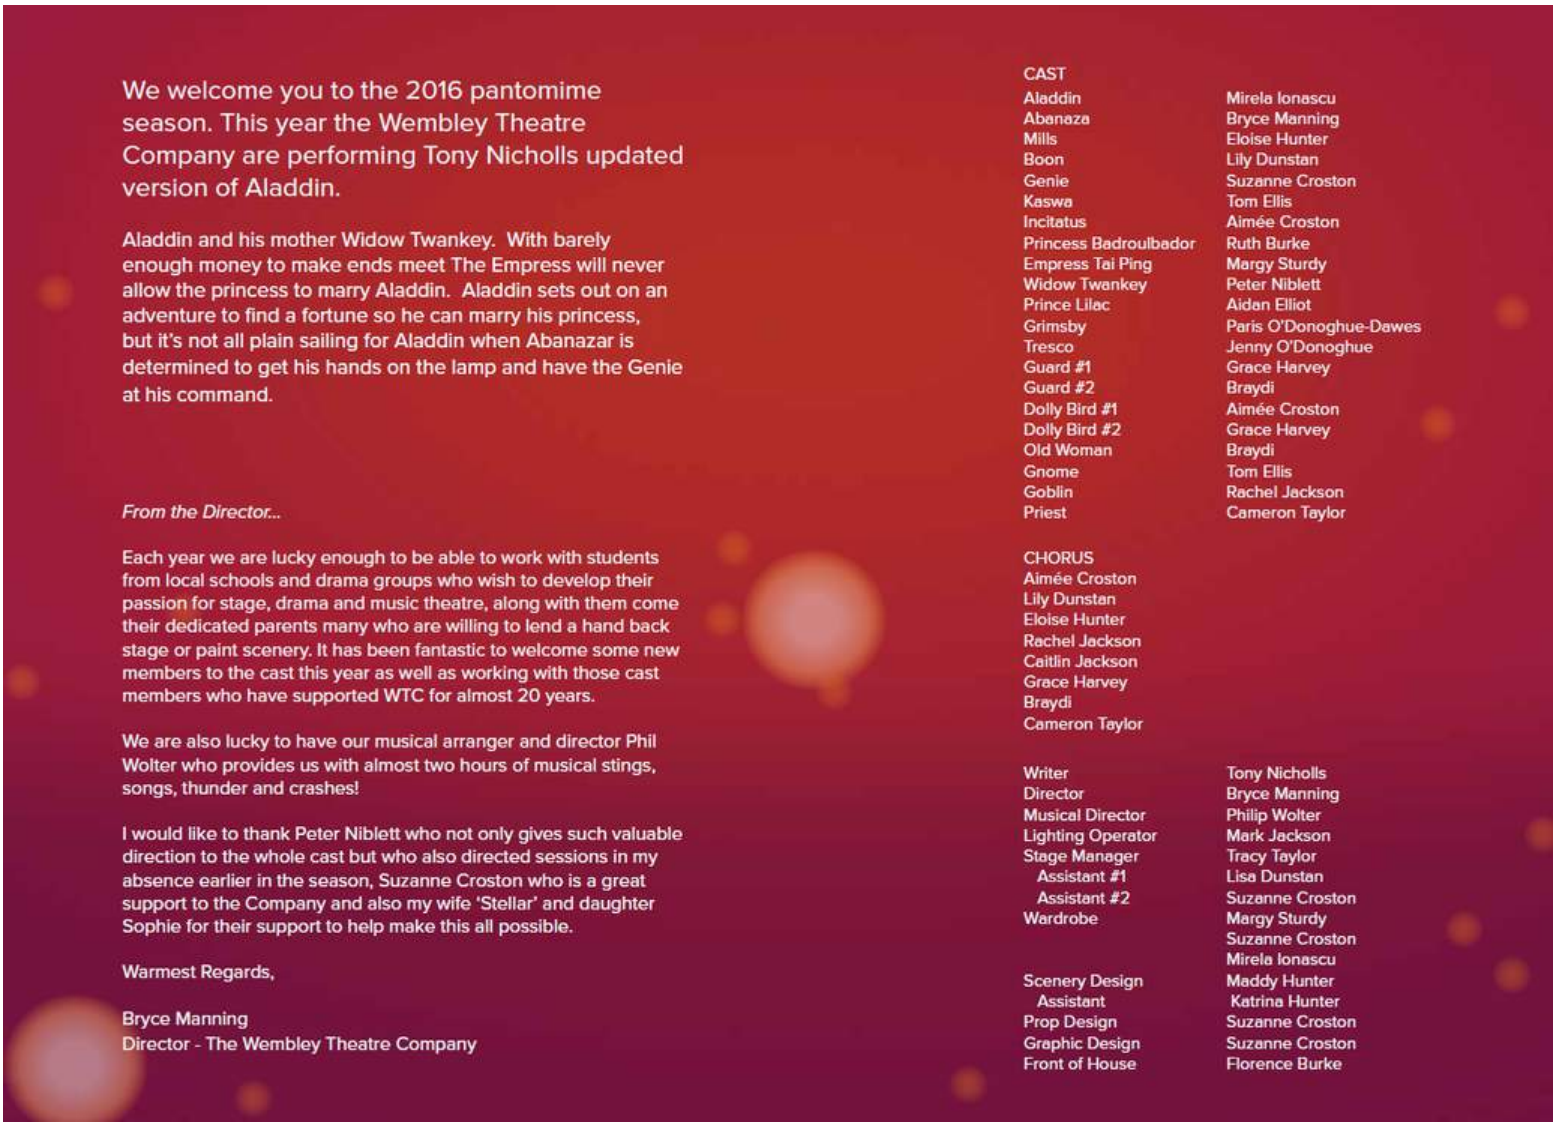
Enter the Princess, as beautiful as can be, who showed us that her true love was Aladdin and not the man her mother, the Empress Tia Ping, wished for her to marry, the rich and royal Prince Lilac. Poor Prince Lilac was unfortunately born with the inability to pronounce the letter "R" and as a result spoke with a very camp and unfortunate accent which had the audience laughing with every line!

Aladdin and the beautiful Princess spent much of the play planning to marry when they find the Genie to give them unspeakable riches. The Princesses had a witty and conspicuous humour, both cheeky and hilarious and appealed greatly to the adults in the crowd.

The Genie was infectious and had everybody intrigued with her unpredictable behaviour as the evil Abanaza (Director Bryce Manning) plotting to steal the lamp from Aladdin and ready to do whatever it took to have all the riches and treasurer to himself.

The haunting keyboard sound effects and clever lighting added to the atmosphere with a great interactive cast this musical satire had entertainment for both adults and children alike.

The entire cast lined the foyer and cheered and applauded as the crowd exited the building which was a perfect way to top off a thoroughly entertaining night. The people of Kulin look forward to your next wonderful production!



We welcome you to the 2016 pantomime season. This year the Wembley Theatre Company are performing Tony Nicholls updated version of Aladdin.

Aladdin and his mother Widow Twankey. With barely enough money to make ends meet The Empress will never allow the princess to marry Aladdin. Aladdin sets out on an adventure to find a fortune so he can marry his princess, but it's not all plain sailing for Aladdin when Abanazar is determined to get his hands on the lamp and have the Genie at his command.

From the Director...

Each year we are lucky enough to be able to work with students from local schools and drama groups who wish to develop their passion for stage, drama and music theatre, along with them come their dedicated parents many who are willing to lend a hand back stage or paint scenery. It has been fantastic to welcome some new members to the cast this year as well as working with those cast members who have supported WTC for almost 20 years.

We are also lucky to have our musical arranger and director Phil Wolter who provides us with almost two hours of musical stings, songs, thunder and crashes!

I would like to thank Peter Niblett who not only gives such valuable direction to the whole cast but who also directed sessions in my absence earlier in the season, Suzanne Croston who is a great support to the Company and also my wife 'Stellar' and daughter Sophie for their support to help make this all possible.

Warmest Regards,

Bryce Manning

AUSTRALIA DAY WA

EAST PERTH, WA 6892

Australia Day WA presents the Citizen of the Year

Your local government invites you to nominate an outstanding individual or group for one of this year's Citizen of the Year Awards to be presented on Australia Day 26 January.

The awards foster, recognise and celebrate significant contributions to community life and active citizenship by local citizens in all local government areas of Western Australia.

Australia Day Awards promote national pride, community responsibility and participation.

Guidelines and criteria

Each year three local citizens and one local community group in each local government area will be eligible for recognition. The recipients will be selected from people and groups who have made a noteworthy contribution during the current year, or given outstanding service to the local community over a number of years through active involvement.

Nomination Process

Each local government calls for nominations from community groups and individuals. At the council's discretion, a committee comprised of people from community organisations and citizens, will be appointed to encourage and promote nominations. The committee or your local council may also make nominations based on local knowledge and experience.

Nominations open on 19 Sept 2016 and can be received in hard copy on the original nomination form or online at www.ausdaywa.com.au .
Nominations close on 31 October 2016.
Nominations received after the closing date will be ineligible for this year's awards.

The four award categories

- Citizen of the Year Award
- Citizen of the Year Award – Youth (under 25 years)
- Senior Citizen of the Year Award - Senior (65 years or over)
- Active Citizenship Award (for a community group or event)

Selection Criteria

The winners will have been judged to have shown,

- Significant contribution to the local community.
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has brought about positive change and added value to community life.
- Inspiring qualities as a role model for the community.

Eligibility criteria

- Nominees should reside or work principally within the local authority making the award.
- Awards may be granted posthumously in recognition of recent achievements.
- Groups of people or couples will not normally be eligible except when meeting the criteria for a community group.
- A person may receive an award on more than one occasion in recognition of their particularly outstanding community contribution or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Nominations must be apolitical in their nature and should not in any way bring the awards program or local government area into disrepute.
- Sitting members of State, Federal and Local Government are not eligible.

Australia Day WA, through all of its awards programs, is keen to recognise those displaying the ideals of social justice, cultural diversity and acknowledging the importance that the reconciliation process plays in enabling people to feel valued and contribute more positively to society.

Handy Tip:

Difference between Westlink and Video Conferencing.
Westlink is a satellite TV system and require no internet or login.
All that is needed is an authorised satellite receiver, which we call a SatBox.

Video Conferencing (including Being There as used by the CRCs) is an internet based application.
It requires a computer, laptop, tablet or phone that is connected to the internet.
The quality and speed of your internet determines the quality of your video conference.

It is possible to just use the camera and mic on your device, but external cameras and mics deliver better results in most cases.

It is possible to take the HDMI output from a laptop and feed it into the same TV you view Westlink on.
Simply connect the HDMI out of the laptop to a spare HDMI input on the TV.
You may need to reduce the volume on the TV to stop feedback.

We suggest you place a label near TV designating which input is which on the TV.

Another idea is to print out instructions for each device, laminate and colour code and use the same colour code on the remote associated with the device.

2016 Kulin Charity Rally

Another successful Rally was held on the long weekend in September.

Starting at York with 11 cars we rallied Friday night to Tammin a lovely roast meal was served by the Tammin Bowling Club.

Saturday start was a very icy one, we headed to our lunch stop at Pithara. After lunch it was off to Beacon we had our dinner and auction in the Local Sports Club. Breakfast was catered for by the Beacon Netball Club. After breakfast we visited the Beacon Men's Shed where we looked at their display of old machinery.

We rallied on to Mukinbudin for lunch where the Business & Community centre catered for us. After lunch the rally went into a spin. Route master Robert Brandis set the course in herring Bone instruction. This caused mayhem, 4 cars never found a checkpoint (Car 26 Noble-Quicke-Bradford may still be out there).

Finally we made it into Burracoppin Football Club for our meals and accommodation. Thanks to Gary Strother we had country music supplied. We drew the Gallon of Scotch and the lucky winner was Norm Quicke (who doesn't like it).
The next morning we headed to Karlgarin Museum to see Merv Tressie who is not in the best of health. Karlgarin Club catered for lunch which was very enjoyable.

The winners of this year's Rally was Car 13 Kim Brandis, Jocelyn Owen, and Beau Tyson. Thanks to our virgin ralliers John Waters, John Douthie, Dave Thompson (Ghandi) & Megan Anderson. Special Thanks to our Check Point Officers Robbie McInnes, Arthur Major, Ray August, Rob Brandis, Pete Entwistle, and Secretary Jocelyn Owen.

Next year is our 25th Rally anniversary and we hope to make it bigger and better.
