Emergency Medical Technicians . . . will typically care for the sick or injured in emergency medical settings. People's lives often depend on their quick reaction and competent care.

- EMTs respond to emergency calls, perform medical services, and transport patients to medical facilities
- EMTs work both indoors and outdoors, in all types of weather
- EMT work is physically strenuous and can be stressful, sometimes involving life-or-death situations and patients who are suffering

Program Details:

- Approximately 14 weeks *(One Term/Semester)*
- Separate Testing Fee for New York State Certification Exam (NHA)
- Farmingdale Location Only!
