

Q - Besides U.S. history classes, what other classes are offered by the History Department?

A - We do not offer any other 1000-level classes, but we offer a variety of 2000-level classes. If you would like to substitute ***one*** of your U.S. history required classes, you may take Texas history (HIST 2301), which is usually offered online and onsite. We also offer both sections of Western Civilization and World Civilization. We are currently working on instituting 2000-level classes on Eastern Civilizations, as well as African American and Mexican American history.
