About the 52 Full Moons Project

The 52 Full Moon Project was started by the **Maya Itza Council and Mayan Elder Hunbatz Men** in November of 2008. The Maya noticed that a lot of people were saying a lot of negative things about 2012 and the cycle of time. They decided to gather people from around the world in the 52 Full Moons Project to send positive healing and loving energy each Full Moon towards a particular sacred site each Full Moon. This was a very successful Project for the last four years with thousands of people from around the world posting the 52 Full Moons Schedule on their websites or sending out emails to connect light workers, earth workers and healers from around the world in celebration of the particular sacred site each Full Moon. This has connected the minds and hearts of men and women and Mother Earth and Grandmother Moon in a positive flow of energy for over four years now! The Grand Maya Itza Council, Hunbatz Men and the Cosmic Mysteries School worked together to create a **NEW list of 52 Sacred Sites** to celebrate for "The New Cycle Of Cosmic Time" which we have now entered in to continue sending positive thoughts and feelings to Mother Earth each Full Moon!

Full Moon 2 ~ February 25, 2014
Ring of Brogar, Orkney Islands, Scotland

Welcome!

We are now in 2013, and the energy field of Mother Earth is still changing. The energy field is lightening and quickening. As the energy vibration of the planet changes so, too, does the energy field of each individual person need to change. One way to teach our own bodies to vibrate along with that of mother earth is to work with the sacred energy sites on the planet.

There are sacred sites all over Mother Earth. The **Pyramids of Egypt, the Sphinx, the Mayan Pyramids, Stonehenge, and Mesa Verde** are just a few of the well-known ancient sites that hold the keys to learning. The information available at these sites is not limited to any one group or Mystery School. It is truly ancient and beyond time. The New Age is really a return to Cosmic Consciousness. An opportunity to reconnect with that that is

greater than the small Self, the separate Self, and the Ego.

We will be sending out emails with information regarding each Full Moon from 2013 to 2017 so please join our [email list](#) if you haven't done so already and keep us informed of the events in this area. This catalog contains just some of the ancient sites that are in our 52 Full Moon Series for 2013 and beyond. Please feel free to share it with everyone you know. You will be part of a Global Transformation! Think Locally, Pray Globally.

Love and Light,
