

the COLOR OF

Autism

FOUNDATION

It Takes a Village

"Where the Atypical and Typical Meet"

Currently, 1 in 68 children in the United States is diagnosed with an Autism Spectrum Disorder. Come out and join us as we engage in conversations about autism, different family resources, and needed medical supports. Information on special education advocacy, navigating the school system, and how to effectively lobby for change in the community will also be provided.

Our guest speakers and resource fair will provide helpful information for individuals with and without special needs.

The Color of Autism Foundation is dedicated to educating, empowering, and encouraging community stakeholders through effective training, education, and support.

Join Us:

Saturday April 22, 2017 Noon-3PM

At: Little Rock Baptist Church

9000 Woodward Ave, Detroit, MI 48202
