

## **IMPORTANT LEGAL NOTICE:**

Due to increased public misconception regarding the identity and management of Anglowealth Shariah and Anglorand, it has become imperative that this statement be published.

In order to correct public perception, clarity regarding the following **true** and **correct** facts must be noted:

**ANGLOWEALTH SHARIAH** Pty (Ltd) is a registered, audited and NCR regulated company, based in Umhlanga, Durban. Since inception, under the expertly capable, experienced and efficient management of its directors, Anglowealth Shariah Pty (Ltd), with its unique diversified portfolio of shariah-compliant trading activities, has consistently provided higher than market returns to its shareholders.

Despite false rumours that Anglowealth Shariah is in “financial trouble” or “going under”, not a single shareholder has ever been short paid (be it monthly or annual profits). In addition to this, Anglowealth Shariah’s income has outperformed projections and shareholders may qualify to receive a bonus dividend at the end of the financial year.

**ANGLORAND** is a totally separate entity to Anglowealth Shariah. Based in Johannesburg, the directors, management and shareholders of Anglorand are non-Muslims and in no way affiliated with Anglowealth Shariah. Anglorand Holdings & Derivatives Pty (Ltd), **not** Anglowealth Shariah Pty (Ltd), is the company that is currently under business rescue.

**WARNING:** With the facts now clearly stated and publicly declared, a stern warning is issued to anyone who persists in maliciously providing and spreading false information regarding Anglowealth Shariah and/or its management: **You will be liable to face legal action!**

**As Muslims** we are guided by the Shariah and regarding information, it is required of us to: **Verify**; deliberate; look for **proof**; ask the people **in charge**; stand up for **truth**; beware of **lies**; beware of **slander** and be careful of what we **say**.

**INVITATION:** Anglowealth Shariah prides itself on transparency. We welcome existing or prospective clients who wish to verify our credentials or view information pertaining to our various projects or financials, to come to our offices.
