

NEWS, INFO & DEALS FOR DINERS

17 years old, now in our 18th year, we remain on track: **vegan, no gluten, nut-free, no palm-oil.**

Our mission is sustainability: **exemplifying simple, good food; sourcing locally where we can; teaching others how to do it; paying wages that people can live on; heating with refrigeration effluence, air conditioning using doors and windows before machines... Dedication, knowledge and experience means we can offer a 5★ product at a 3★ price. Service is always friendly although less leisurely when we are rammed.**

We aim to serve you quickly. Please be patient at busy times. At peak moments, for tables of 6 or more, service may be staggered. Please let us know if you are rushed.

DINER DEALS
