

ILTexas Garland Middle School Summer Reading Program 2016

Dear Students and Parents,

Reading during the summer is the key to keeping your brain in tip top shape. When students do not continue to read throughout the break they lose the skills that they have worked hard to build up all year. In an effort to help our ILTexas students, the following is our Summer Reading Program for 2016. 7th grade will read two novels and complete the attached worksheet for them both. These documents and the reading lists are also available on our school website. Students will turn in their assignments on the first day of school.
