

Q. How much space do I need on my ceiling to install a Floaterhoist?

A. 1880 mm x 1110 mm (74" x 44")

**Note:** To ensure that the bicycle's tires do not contact the walls or other objects, a 1880 mm x 1110 mm (74" x 44") zone must be free from obstructions from the floor all the way to the ceiling.
