Visual Designer

**JOB TYPE**  Full Time

**NO. OF VACANCIES**  01

**LOCATION**  Dhaka, Bangladesh (remote to start)

**EXPERIENCE**  5 - 7 years

**WHO WE ARE**

Noora Health’s mission is to improve outcomes and save lives of patients by empowering family caregivers with the skills they need to care for their loved ones.

Noora turns hospital hallways and waiting rooms into classrooms by tapping into the most compassionate resources available for the patient’s care - the patient’s own family - turning these worried family members into skilled caregivers. The Care Companion Program (CCP) is currently implemented at more than 150 government hospitals across India and Bangladesh and over 1,000,000 patients and family members have been trained by the CCP. Research on the program has found improved health behavior uptake, decrease in post-surgical complication rates, and decrease in newborn complications/readmissions. Noora’s COVID-19 response has reached more than 15 million people.

Noora Health was launched out of Stanford University in 2014, and has been supported by many large philanthropic foundations including Mulago, Draper Richards Kaplan, Echoing Green, Ashoka, Medtronic and Jasmine among others. For more information:

At Noora Health, we value diversity. Diversity includes but is not limited to gender identity, caste, religious practice, sexual orientation, ability, among many others. We encourage people from all backgrounds to apply for positions at Noora Health.

JOB DESCRIPTION

Join a dynamic team of creative designers, public health experts, and behavioral researchers. Work closely as part of the Design team in Bangalore but be responsible for designing and project out of the Dhaka studio.

EXPECTATIONS

● Craft is a given, and so is the willingness to execute and create production work.
● You’re willing to pull up your sleeves and execute on-brand materials as part of the role; including amending designs after feedback
● You have proven graphic designing experience or similar
● You have a strong portfolio of illustrations or other graphics
● You have a keen eye for aesthetics and details
● You have a never-ending desire to learn new techniques to advance your craft
● You have excellent communication skills and are open to constructive feedback
● You can work methodically and meet deadlines
● You can collaborator with other designers and non-designer to produce a final design
● You can work within the company’s design standards and brand guidelines
● You are passionate about contributing to the intersection of social impact, visual communication, and human-centered design and always ask: who am I designing for?

MUST-HAVES

● Fluency in Bangladeshi is essential
● 2+ years of work experience in a similar role
● Bachelor’s degree in visual communication or a related field or equivalent
Hands-on experience in InDesign, Photoshop, and Illustrator
Highly motivated, proactive, and experience working with minimal supervision
Ability to learn new tools and do self-guided work within a fast-paced environment
Experience working in creative, human-centered culture and cross-cultural design
Portfolio of completed design projects
Attention to visual details
Ability to meet deadlines and collaborate with a team
Excited to use your artistic talents in a social impact context

HOW TO APPLY

Email the following materials with the subject line Visual Designer - Bangladesh to hr@noorahealth.org

- A one-page cover letter describing your interest in the position and background
- An updated resume, which includes languages spoken and relevant experiences
- Some samples of your work [2+ would be nice] and portfolio
