

YOUTH PROGRESSION

YOUR MISSION: THE QUEST FOR STARS AND TROPHIES

The USTA has designed a best-in-class system to track the progress of junior players, ages 10 and Under from Orange Ball to Green Ball and Green Ball to Yellow Ball. The system will track a player's progress through participation in tournaments and Junior Team Tennis. Players will receive credits for completing tournaments and earn "bonus points" for tournament results. The mission is to clear each level by collecting a combination of 20 virtual participation stars and/or trophies. Best of all, players can track their progress on TennisLink's My Player Page. The more they play, and the more they improve their skills and clear each level, the more starts and trophies they accumulate.

HOW TO CLEAR EACH LEVEL

Your mission is to collect 20 stars and/or trophies to advance to the next level.

Player Page

Each player's page will track his/her progress and accumulation of stars and trophies. When a player logs into his/her Tennis Link account, he/she will see a colorful, easy to follow, player page with current eligibility level, "My Awards" showing stars and trophies earned, "My Mission" showing what needs to be completed to progress to the next level, and "My Activity" showing player record.

To access the player page, go to <https://tennislink.usta.com> and click on the My Tennis tab. Enter in the player's USTA number and password to be directed to the player's Welcome screen. This screen will allow the player to access various items including his/her Youth Progression Player Progress Report:

The screenshot displays a player's progress page for Ryan Sager. At the top, a blue header bar contains a profile picture of a young boy, the name "Ryan Sager" with USTA number "2010541296", and location "Southern > Georgia > Canton, GA". To the right of the header, it shows "Level 1", "13 stars", and "6 trophies". The main title "Player Progression" is in large yellow font. Below this, the "My Awards" section features two progress bars: "Participation" with 13 stars and "Results" with 6 trophies. The "My Mission" section states, "You're 1 star or trophy away from advancing to Green Level 2 and achieving your mission!". Three informational text boxes explain that as a youth tennis player, one advances to the next ball color in 32 days when reaching the maximum age, and that one can also clear ball color-level by achieving a combination of 20 stars and/or trophies. The "My Activity" section shows "as of 4/3/2015" with a "select month" link. At the bottom, a navigation bar includes buttons for "Monthly Progress", "All Progress", "Expanded Info", "Print Report", and "Send Excel".

If desired, the player can upload a photo to his/her player page by clicking “Manage Account” directly under the player’s USTA Account # in the top right corner of the Welcome screen.

If a player continues to play in the division once he/she accumulates twenty stars and/or trophies, additional stars and/or trophies earned in that division will NOT appear on the player page. For the Green Ball Division, USTA Texas will continue to monitor Challenger 1-Day (10s) tournament wins for the purpose of moving to the 12s Championship level (four wins in the Green Ball Division will still be required).

Player Email Notification

In order to receive inspiring status updates and aging up notification emails, the contact information on file with USTA Member Services must be accurate and current. To update the email address, login to Tennis Link and click “Manage Account” directly under the player’s USTA Account # in the top right corner of the Welcome screen. The information can also be updated by contacting USTA Member Services at 1-800-990-8782.
