

LIBRARY DISTRICTS

Districts inspire knowledge in our communities

There are **13 Library Districts** committed to providing quality access to educational and informational resources to millions of Californians

Through **quality programs and activities**, Library Districts bring residents together

In addition to books, Library Districts provide **millions of other resources** such as photographs, newspapers, videos, and audio recordings

Library Districts **preserve local history** through a variety of materials that reflect the heritage and unique history of communities throughout the state

Many Library Districts provide their communities **reduced or free internet access** for educational as well as recreational purposes
