Rescue | Rehab | Rehome

Volunteer Opportunities

2 Da Rescue takes many dogs that we know will need rehab or extensive ongoing medical care before they can be placed in their forever homes. We believe they all deserve a second chance at a wonderful life but we can't do it without your support.

Help us Help dogs like Cisco here!

Throughout the month of March the Tempe Diablo Stadium is letting our Rescue work one of the Concession Stands there selling hot dogs and beer during the Angels Spring Training Baseball Games and we get to keep a portion of the proceeds!

We need all the help we can get with this so please sign up for a game or two or even more! Email tinameredith@me.com or call 602.743.4747 to sign up.

Angels Spring Training Schedule:

Thursday, March 3	A's	Tuesday, March 15	Mariners
Sunday, March 6	Royals	Friday, March 18	Rockies
Monday, March 7	White Sox	Saturday, March 19	Brewers
Wednesday, March 9	Dodgers	Tuesday, March 22	A's
Thursday, March 10	Diamondbacks	Saturday, March 26	Padres
Saturday, March 12	Giants	Monday, March 28	Reds
Sunday, March 13	Rangers	Tuesday, March 29	Indians
Monday, March 14	Reds		

We saved more than **300 dogs** in 2015 - We can't do it without you - Please Volunteer

Rescue | Rehab | Rehome

WHATS NEW?

We moved to Apache Junction in the summer of 2015 after reluctantly leaving our spacious rental centrally located by the Phoenix Zoo when the landlord increased the rent. We are making due in AJ but are on the look out for a larger property. It needs to be appropriately zoned and situated where neighbors won't complain about barking. We are looking for a Commercial Realtor and are shooting to move before this summer hits. If you have any leads or would like to help us in this endeavor please donate at www.2darescue.org or email karen@2darescue.org with information.

Just Another Heap of Trash...

In Rescue, there is one constant...Our faith in people diminishes and then it is restored. Cammy and her pup Tamcito were thrown out with the old furniture when their people left them behind when they moved. It hurts our hearts to know they were found to be so disposable. However, their Angel, Dianne Devoll, could not just drive on by and she actually did something about it. She took these dogs and got them fixed, up to date on shots and paid to have them boarded until a Rescue could be found. This is no small feat given the money this costs and the fact that ALL Rescues here in the Phoenix area are constantly over capacity.

Lost and Found

If you've ever visited Straydar or Lost Dogs of Arizona on Facebook you'll be overwhelmed by the number of posts from people who've lost their dog or found a dog and are looking for the owners. These are awesome sites to visit if you find yourself with a Lost or Found dog. The networking, the resources, the advice and the help provided is invaluable.

What you may not realize until you're in this situation is how important that microchip is. Dogs' collars slip off or are never put on to begin with, kids and yard workers leave gates open and owners may or may not decide to even look for their lost dog. We microchip EVERY dog here at 2 Da Rescue. It's cheap and it's so important. Your vet can chip your dog, clinics will do it, the Humane Society will do it - and any vet, clinic, pet store and lots of rescues can scan for the chip of a lost dog and as long as it's registered get it back to the owner. The sooner a lost dog is returned to an owner the better; right? Microchips mean less inconvenience for the caring stranger who found the dog, the dog remains safe and is returned sooner and never has to see the inside of the pound and from rescues' standpoint - we are already inundated with requests to take dogs from people that don't want them anymore and from the county shelters that are begging for help so finding a dog or losing a dog but being reunited via their microchip is ideal.
