one call, many solutions.

About the Digital Enterprise Scheme

- ▶ Designed around growth focused **Small and Medium sized businesses** in the **Sheffield and South Yorkshire** area.
- ▶ Supports investment in **digital technology** to improve performance and growth.
- ▶ Two Voucher Schemes Running **Innovation and Connectivity**.
- ▶ The Scheme has launched and last applications for funding will be in August 2017

How the Digital Enterprise Scheme Will Help Your Business

- ▶ The scheme delivers financial grants in the form of “**Digital Growth Vouchers**” to support investment in digital technologies and initiatives.
- ▶ The program also offers a support program for businesses that includes **workshops and masterclasses** on digital capabilities including areas such as; Technology, Digital Marketing and Security.

The “Digital Growth” Vouchers

- ▶ The scheme delivers funding to help finance and support **Digital and Technology** investments and **Connectivity** investments.
- ▶ Businesses can **receive up to 50% funding** towards eligible projects.
- ▶ You can receive between **£2500 and £12,499** in funding to support projects for Innovation between £5000 and £25,000.
- ▶ For Connectivity Vouchers you can receive between £500 and £2500

How You Can Use Your Vouchers?

You can use the scheme to secure investment for a wide range of digital projects;

- ▶ Computer Equipment and Technology projects
- ▶ Projects to improve digital efficiency (Connectivity/Fibre)
- ▶ Digital Marketing Projects (web development etc.)
- ▶ CRM & Software Projects

You Could be Eligible If...

- ▶ You have less than 250 employees
- ▶ You turnover less than €50m
- ▶ You are a business to business organisation
- ▶ Applicants must fund 60% of the project balance/cost
- ▶ Can only be used for acquisition of assets – not against leasing or recurring fees
