FOR IMMEDIATE RELEASE: March 17, 2017

## **WORLD OIL GROUP SIGNS MEMORANDUM OF UNDERSTANDING WITH PERUVIAN GOVERNMENT OFFICIALS FOR A SERIES OF PROJECTS THAT COULD TOTAL MORE THAN ONE BILLION DOLLARS OVER A 10 YEAR PERIOD**

*Updates will be forthcoming in series of Press Releases*

**LIMA, PERU: World Oil Group's President & CEO Nathan Hall has been in negotiations with Peruvian Government officials for almost a year to build a series of projects that would boost the entire regional economy, increase Peruvian exports to the United States and its Territories and provide a reinvestment package of millions of dollars back into the surrounding local Peruvian communities; this alone would increase the Peruvian standard of living, education, job creation and access to international markets.**

**World Oil Group submitted its Master Plan inclusive of building a 5K bopd to 20k bopd Oil Refinery on Aug 22, 2016 and it was stamped received on the same day. Finally, after seven months World Oil Group has received a stamped and signed MOU dated March 4, 2017, of which it was accepted to proceed forward and go to a bid round.**

**For more information about how to participate with World Oil Group regarding the series of projects please contact World Oil Group: [worldoilgroupinc@gmail.com](mailto:worldoilgroupinc@gmail.com) or [nhall@worldoilgroup.com](mailto:nhall@worldoilgroup.com)**

World Oil Group's President & CEO Nathan Hall believes he understands Mr. President Trump's approach to "Fair Trade" and has been explaining it with local political and business leaders throughout Peru. Nathan has met with countless business and political leaders in many regions from the city to the selva and they all want to increase business with the United States. Nathan also believes that Fair Trade can strengthen both economies by providing transparent bilateral trade. Peru can provide US markets with some of the best organic and naturally organic fruits and vegetables in the world grown at high elevations with naturally rich nutrients, while the US can export technology and equipment to Peru. Thus, creating a Win-Win Scenario for both countries.

While many are not aware, Peru supplies many of its surrounding countries crops such as coffee, avocados, Acai berry and many other Super Foods, fruits and vegetables and Peru does not get the credit its deserves. Mr. Hall would like to be the leader in bringing Peru onto the forefront to get Peru the recognition it deserves, while creating a mutually beneficial expansion of trade relations between the USA and Peru. Peru can immediately supply the US fruits and vegetables without any 20% tax increases.

# WORLD OIL GROUP, INC.

World Oil Group's President & CEO Nathan Hall brings a unique opportunity for WOGI and its business associates in Peru. WOGI's President & CEO Nathan Hall is a Service Connected Disabled Veteran which allows a special preference status by Executive Order 13360 to do business with the US Federal Government, its Territories, Military Bases and Embassies worldwide.

World Oil Group's President & CEO Nathan Hall will now begin an aggressive movement to increase trade relations between the US and Peru, while promoting job opportunities in the US for Disabled Veterans and Job opportunities for Peruvians through an inter exchange cultural program ran by one of Peru's leading cultural preservationist Senor Miguel Flores, <http://www.cenge.org/> .. This trade relations program will also give an experience for both countries to appreciate the North American and South American inter cultural experience that has never been done before.

## CONCLUSION

World Oil Group, will continue to build its relationships in Peru and Latin America. The inter cultural/business growth and experience between the two Americas is paramount!

World Oil Group, Inc. will continue to press forward to build a strong company in a diverse market despite market challenges.
