**THE MALTA  
INDIVIDUAL INVESTOR PROGRAMME (MIIP)**

  
**KINANIS**  
CONSULTING

## A. INTRODUCTION

In December of 2013, the Maltese Government launched the Malta Individual Investor Programme (hereinafter 'the MIIP') and has published the laws and guidelines accordingly.

The main scope of the MIIP is that it grants Maltese Citizenship to the successful applicant and his dependents. Such Citizenship is granted by a certificate of naturalization to applicants who contribute to the economic development of Malta.

In brief, the Programme allows investors to acquire Maltese Citizenship by satisfying four simple criteria:

- Investing under the conditions set forth below;
- Residency Requirements;
- Satisfying the Due Diligence Criteria;
- Sustaining the Eligibility Criteria.

## B. INVESTMENT CONDITIONS

The first criterion is that the applicant is required to contribute to the economic development of Malta. This is done by satisfying all of the following requirements:

Investment Requirements	Main Applicant	Dependant
<b>Minimum Contributions</b>	<p>€650.000 – of which €10.000 are non-refundable and payable prior to the submission of the application.</p> <p>If the applicant applies for Maltese Residence (see point C below), he will have to pay €5.000 upon such application which will be deducted from the €10.000.</p>	<ul style="list-style-type: none"> <li>• Spouse: €25.000</li> <li>• Every child under 18 years: €25.000</li> <li>• Every dependant unmarried child between 18-26 years: €50.000</li> <li>• Every dependant parent over 55 years: €50.000</li> <li>• Every dependant applying for Malta Residence (see point C below) has to pay €1.000</li> </ul>
<b>Property in Malta</b>	<p>Applicant must either:</p> <ul style="list-style-type: none"> <li>• Acquire residential property in Malta having a minimum value of €350.000; or</li> <li>• Lease residential property in Malta for a minimum annual lease of €16.000.</li> </ul> <p>Such property must be retained for at least 5 years by applicant and may not be let or sublet.</p>	<p>Dependants are not required to invest in property in Malta. Parents of the applicant have to form part of the household.</p>

Investment Requirements	Main Applicant	Dependant
<b>Investment in Government Bonds</b>	<p>€150.000 investment in stocks, bonds or other SPVs as approved by the Government of Malta.</p> <p>Such investments must be retained for at least 5 years by applicant.</p>	Dependants are not required to invest in such bonds.

In total, the main applicant is to make a contribution of **€1.150.000** (comprising in €650.000 + €350.000 + 150.000). Please note that this amount will be significantly less if the applicant opts to lease property in Malta than purchase the same.

### C. RESIDENCY REQUIREMENTS

It must be noted that no certificate of naturalisation shall be issued unless the main applicant provides proof that he has been a **resident of Malta for at least 12 months** preceding the day of the issue of the certificate of naturalisation.

The burden of proving such residency lies on the applicant. Though the applicant does not need to spend all 365 days physically resident in Malta, the Maltese Authorities insist on a “Genuine Link with Malta” which can be evidenced by a number of activities. It is advisable that the applicant lists down his proposed activities that lead to such a “Genuine Link with Malta” in his MIIP Application Form.

In order to expedite the process of this residency requirement, it is also advisable that the applicant applies as early as possible for his Maltese residency (unless he is already a Maltese resident). The documentation and information required to apply for residency are outlined in Annex 2.

#### D. DUE DILIGENCE CRITERIA

Applicants have to submit proof of the following Due Diligence documents in original or else as certified by lawyer or notary:
