

Accessing Teacher Portal Gradebook

Content Updated: August 3, 2016

NOTE TO TEACHERS:

In some instances there are features outlined that your district may not adopt. For any questions or clarification on what your district is currently using please speak with your district Aeries administrator.

The **Teacher Portal** can be setup and accessed from any PC or tablet that has access to the Internet. The user **must** be setup by the **System Administrator** at the school district in order to have access to the files.

To access **Teacher Portal**, type the name of the user into the **User Name** field and press **Tab**. Type the password that has been assigned in the **Password** field. When the **User Name** and **Password** have been entered the **Database** and **Year** fields will be accessible. Select the **Database** and **Year** and click the mouse on the **Login** button.

The **School** field will now be accessible and the drop down will display the schools that the **User Name** has permissions to access. Click the mouse on the **drop down** arrow to the right of the **School** field and to select a school. Click the mouse on the **Continue** button.
