

# ***TERRA BONNE***

## **Displace-It** **Soil Surfactant**

**Displace-It** Soil Surfactant improves the initial wetting and subsequent rewetting of turf soils. Its formulation ensures maximum uptake of water, and encourages improved rooting and nutrient uptake leading to greater plant health and uniformity.

### **PRINCIPLE FUNCTIONING AGENTS:**

Blend of alkoxyated polyols .....	20%
Glucoethers.....	10%
Other Ingredients .....	70%

### **DIRECTIONS FOR USE:**

**Irrigation Injection Applications:** inject 1-2 quarts per acre every 7-10 days.

**Spray applications:** Apply 2-4 quarts per acre every 7-10 days. **General Recommendations:** make the first application at the maximum labeled rate followed with maintenance applications every 7-10 days thereafter or as needed. **Displace-It** does not need to be watered in. **Displace-It** may be tank mixed with other commonly used inputs. If unfamiliar with a new tank mix, prior to application, evaluate the tank mix for compatibility and apply to a small area to determine the effect on turf quality.
