***The DVD Ministry of Lutheran Ministries Media, Inc.***

**Producers of *Worship for Shut-Ins (WFSI)* - A Weekly Broadcast Worship Experience**

**QUESTION 1:** How could one worship each week if they cannot leave home to visit their local church?

**QUESTION 2:** How could a church or organization reach people with the message of the Gospel?

**ANSWER:** Since 1965, in select television markets, via cable networks, satellite systems, the Internet ([worshipforshutins.org](http://worshipforshutins.org)), and DVDs, Lutheran Ministries Media, Inc. (LMM) has made available its weekly program, *Worship for Shut-Ins*.

*WFSI* is a thirty-minute Christian worship experience featuring classic hymns, the Apostles' Creed, the Lord's Prayer, and a ten-minute message by Lutheran Church – Missouri Synod pastors.

Using a select network of television outlets in America and on worldwide satellites, *WFSI* broadcasts have the potential of reaching millions of households each week. Each program proclaims the comforting message of God's love to all those who cannot or do not attend worship at a local church.

### **But What If . . .**

- you are currently homebound and can't find a station that airs the program?
- the television in your hospital room or local retirement center cannot receive the proper local or cable station?
- your congregation wants to reach those who have chosen not to attend church, for whatever reason?

**To address these questions, LMM wants you to know about its DVD ministry . . .**

## **REACH AND PREACH**
