

**seville square  
kansas city,  
missouri**

Landmark provided program management and design consultation of the \$30 million renovation project in the Country Club Plaza in 12 months. Professional services included:

- Program Management
- Design Management
- Value Engineering Services
- Construction Management

The project features include:

- 1,190 space parking garage and renovation to an existing garage
- 15 screen movie theater complex with stadium seating
- Renovation of historic facades and existing retail shops

The Palace Theater was selected to receive the Cornerstone Award, which recognizes and honors organizations that contribute to the revitalization of the Kansas City area.
