Midwest Book Review, USA

A part of the outstanding 'Eldercare Series' from Self-Counsel Press, "Aging Safely In Your Home" is comprised of chapters on: Physically Prepared to Age Safely in Your Home; Maintain an Active Social Network; Be Emotionally Happy in Your Home; Keep Mentally Active; Rate Your Home; Make Your Home Comfortable; Adapt Your Home; Renovate Your Home; and perhaps most importantly -- Prevent Falls.

Simply stated, "Aging Safely In Your Home" should be a part of every community library and Senior Citizen Center instructional reference collection in the country.
