## 1 Measure the Chest

Wrap a cloth measuring tape around the player's chest and record the measurement/chest size.

## 2 Measure the Shoulders

Stretch the cloth measuring tape across the back contour of the player's shoulders. You're measuring the distance from AC joint to AC joint. Record this measurement.

## 3 Decide on Style/Size

Determine which arch style works best for the player, based on position and coverage desired. Use the measurements from steps 1 and 2 to determine the proper size to start with. Fit the pads loosely over the player's head and position on the shoulders.

## 4 Belts and Harnesses

Buckle the belts on the shoulder pads, as well as any straps or harnesses. Be sure the belts are fastened snugly, to ensure proper fit at the chest and back. The fit should be tight but not uncomfortable.

## 5 Front Coverage

Make sure the pads properly cover the sternum area in the front, as well as the upper shoulders.

## 6 Back Coverage

Properly fitted shoulder pads will cover both the scapula area as well as the rhomboid area. The player should have full range of motion for his arms, as well as his neck, torso and head.

## 7 No Pinching

After the buckles have been snugged up, make sure the fit around the neck is smooth and there is no pinching or bunching up with the pad or the body cushion. Have the player put on a helmet to make sure the shoulder pads don't interfere or impede the movement of his head.

#### Acceptance

All orders are subject to acceptance by Schutt Sports/Adams with confirmation supplied upon request.

#### Pricing

Orders received that do not reflect current price agreement will be returned to sender. All prices are subject to state sales taxes and occupational excise taxes. If economic conditions warrant a change in the price, Schutt Sports/Adams may make adjustments without prior notice.

Any order less than \$50.00 will be charged an additional \$5.00 minimum order fee.

Terms are Net 30 to qualified accounts. If we do not receive payment within 30 days you will be charged a 1.10% finance fee each month on the outstanding balance.

#### Transportation and Freight

Once Schutt Sports/Adams has successfully transferred the desired goods to the carrier, our responsibility ceases. Please be sure to immediately check the shipment of goods when it arrives. You are responsible for making a claim to the carrier if the shipment is damaged, or if there is a difference in the number of items on the packing list versus the number of items you received. If part or all of the freight costs are paid by Schutt Sports/Adams, we will select a carrier that will meet normal delivery requirements.

#### Quality

Schutt Sports/Adams stands behind the materials we use and our workmanship. Accidents do happen, so the buyer/wearer of the products assumes the risk associated with sports participation and uses of the products. If the product is misused, or if improper materials are applied; i.e., incorrect cleaners or paints are applied to the product, Schutt Sports/Adams assumes no responsibility.
