2017 Lloyd Morrison Scholarships - Coach Opportunity: WHiPA Performance Coach Advance (2 year programme April to April)

The Performance Coach Advance programme is a two-year programme in which coaches are exposed to a number of learning opportunities aimed at raising their self-awareness of how they 'show-up' as a coach. The first year of the programme focuses on the inner self where we explore their behaviours and drivers in their coaching environment. This is done through a series of workshops and 'one-on-one' assessments. The second year of the programme builds on this new awareness of 'self' and focuses on the coaches field of practice where they challenge their levels of comfort by using self-reflective skills and feedback in bringing about change to themselves and their athletes.

The programme uses a blended learning approach that includes:

- Workshops (light the fire)
- Forums (Share knowledge)
- Observations (in field of practice)
- Reflections (tied to workshops and field of practice)
- Assessments (one on one consults)
- Action learning (apply new knowledge to coaching environment 'have a go')

The following link is a case study of one of the coaches on the 2014 intake who discusses the programme and the impact it has had on her as a coach. <https://www.youtube.com/watch?v=GFy8OYzWWJg>

Selection

The programme would allow for up to 2 coaches to be selected into the programme on a yearly basis. The identification of the coaches is conditional on the outcome of a selection interview, carried out by the programme lead (Sport Wellington), focusing on the coach's openness to learning and awareness of self.

Wellington High Performance Aquatics (WHiPA) 2017 Lloyd Morrison Scholarship – Official

WHiPA is offering a 2017 scholarship to an aquatics Official based in the greater Wellington Region towards attending national or international schools or clinics giving the individual an opportunity to up-skill.

Where would sports be without Officials? So often they are the forgotten group of people who are passionate about their chosen sport with very little financial reward from the NSO's, RSO's and Clubs.

WHiPA has decided it was time to make available a scholarship for an 'Official' and we would appreciate you circulating notice of this scholarship to the appropriate people within your organisation.

Please include in your nomination:

- CV (one page)
- Objectives to better your qualifications in 2017
- Expected outcomes of planned courses/clinics you will be attending
- Budget of your costs in 2017
