**Camp Koinonia** is seeking your support as we look ahead and plan the path to our future. The Camp Koinonia board is hoping you will contribute to helping us to fulfill our mission –

**The mission of Camp Koinonia is to provide a camp environment for family and personal renewal. This is accomplished by sponsoring a family camp program and partnering with other not-for-profit organizations that use the camp facilities.**

Families today are more stressed than ever before and in need of what Camp Koinonia has to offer – a camp environment for family and personal renewal. Our Family Camp program is now meeting the needs of families and helping them renew their relationships with each other and with God.

**Pope Francis** visited Philadelphia in September as part of the World Meeting of Families. Belinda and I were blessed to be there for the event and hear the pope call families a "**factory of hope,**" even with their imperfections.

**"Defend the family, because that's where our future will play out,"** he said.

Your contribution to Camp Koinonia will help us build up families and provide an environment to many who seek a spiritual experience away from the hustle and bustle of our busy lives. We thank you for whatever you are able to give to help us continue to support families and all who benefit from the natural setting that Camp Koinonia provides.
