how they're cooked...

Rare:
It's cooked. Not that you'll be able to tell. (cool red center)

Medium Rare:
Imagine biting into a perfectly ripe piece of fruit. Now imagine you plucked that fruit from a cow. (red all the way through and warm)

Medium:
Not too bloody, not too black. The middle of the road is paved in pink. (warm pink center, seared touch of brown)

Medium Well:
Heavy on taste; light on gore. This one's cooked through with just a touch of pink. (little to no pink)

Well Done:
It may look like a hockey puck on a bun, but it's the best dang hockey puck you'll ever consume. (no pink, cooked through)
