

Living Altar Call

#KeepPulseAlive #StopKillingUs

On June 12th, 2016, 49 of our LGBTQ siblings in Orlando became ancestors too soon. Now is the moment to come together and resist the forces that kill more of our people every year.

**Join our Living Altar of Resistance:
send a dove with your message to Orlando.**

The Backstory

Soulforce calls all who are willing and able -in Florida and everywhere- to oppose the National Religious Broadcaster's toxic theologies of hate.

Hold round-the-clock vigil with us in Orlando for 86 hours as we remember Pulse and challenge the power of this media & communications hub that inspires violence on our bodies & spirits around the world.

The Living Altar will be built first at Creating Change, the US's largest LGBTQI activist conference, and it will then travel to Orlando for the NRB.
