

Overview of Partnership Proposal

April 2016

If MPS accepts the potential partnership proposal

If MPS rejects the potential partnership proposal

Need for a charter management operator

There would be no need for a charter management operator. MPS would work directly with the OSPP Commissioner to turn around selected schools.

OSPP would be obligated to select a charter management operator (CMO). The CMO may work independently from MPS.

Status of MPS employees

MPS employees would retain their jobs. MPS employees would retain membership in the MTEA.

The CMO would have the flexibility to hire its own employees. CMO has no obligation to retain MPS employees.

Status of MPS schools after 60 months

The schools selected to participate in OSPP would be returned to MPS after 60 months and the attainment of turnaround goals.

The schools have the potential of staying with the CMO for perpetuity (never to return to MPS).

Per-pupil funding to MPS

OSPP commissioner would return the per-pupil amount back to MPS. MPS would receive \$8,079 based on the 2015-16 SY amount.

The CMO would receive the per-pupil amount. MPS would receive \$0.

Governance input from MPS Board

OSPP and MPS would determine the provisions for governance input for Milwaukee Board of School Directors

The CMO has the ability to work independently from Milwaukee Board of School Directors.

Next Steps

Date	Action Item
