John Weston, MP  
770 Promenade Building  
House of Commons  
Ottawa, ON K1A 0A6

Dear Mr. Weston,

On behalf of Canadian Fitness Professionals Inc. (canfitpro) and our 23,000+ members, I am writing to express our support of the Private Member's Bill C-443, *An Act to Establish a National Health and Fitness Day*.

As Canada's largest provider of fitness education and a global leader in the education and certification of fitness professionals, we deeply understand the importance and need for greater participation in physical activity across the Canadian population to reduce the burden on the healthcare system in Canada. This Bill will support Canadians and their families to integrate physical activity, resulting in improved health, thereby making Canada a healthier nation both physically and fiscally.

We all have a role to play in the health status of Canadians, and by introducing Bill C-443 you have launched a vision that we hope will inspire leaders in both the private and public sectors to get involved and lend their voices and their support.

Sincerely,

Rod Macdonald  
Vice President of canfitpro
