

NEVER leave a child alone in a car — even for a minute!

Almost 50 children died this way last year.

- Dial 911 immediately if you see an unattended child in a car. EMS professionals are trained to determine if a child is in trouble.
- Never leave a child unattended in a vehicle, even with the window slightly open.

Believe it or not, routines and distractions have caused people to mistakenly leave children behind in cars.

- Place a cell phone, PDA, purse, briefcase, gym bag or something that is needed at your next stop on the floor in front of a child in a backseat. This triggers adults to see children when they open the rear door and reach for their belongings.
- Set your cell phone or Blackberry reminder to be sure you dropped your child off at day care.
- Set your computer calendar program, such as Outlook, to ask, “Did you drop off at daycare today?”
- Have a plan that if your child is late for daycare that you will be called within a few minutes. Be especially careful if you change your routine for dropping off little kids at day care.

Prevent trunk entrapment.

- Teach children not to play in any vehicle.
- Lock all vehicle doors and trunk after everyone has exited — especially at home. Keep keys out of children’s reach. Cars are not playgrounds or babysitters.
- Check vehicles and trunks FIRST if a child goes missing.
