## Areas of Study

The Cornell Indonesian Association invites submissions of abstracts for the 15<sup>th</sup> Northeast Conference on Indonesia, hosted in cooperation with the Yale Indonesian Forum. We welcome abstracts for oral presentation on Indonesian studies for the following four areas of study:

Science and Technology

Sociology, Anthropology, and History

Economics and Politics

Language, Arts, Culture and Religion

## Abstracts

Abstracts should be submitted in English and should be no more than 500 words. Authors may submit no more than one individual and one joint (co-authored) abstract. All abstracts will be submitted for blind peer reviews by a committee of graduate students of the corresponding areas of study. All submissions must be made through our online form here: <http://goo.gl/forms/kbUjsxmdQB>; and the body of abstract should not include the author's name or affiliation.

**Abstracts are due by July 22, 2016**, with first notifications of acceptance by September 9, 2016.

## Presentation

Each presenter will have 20 minutes for presentation and 10 minutes for a question and answer session. Presentations can be done in English or Indonesian, but not both. Should you decide to present in English, you should complement your presentation with a Powerpoint display in Indonesian (to the best of your ability). Similarly, a presentation in Indonesian should be accompanied by an English Powerpoint display. This is done to promote the use of Indonesian for academic purpose.
