# AROUND THE GLOBE WITH THE NEW YORK TIMES

**Directions:** Here is a world map labeled with six major regions: North America, Latin America and the Caribbean, Africa, Europe, the Middle East and Asia. Using just the front page and the “International” pages of the front section of today’s New York Times, tally the number of dateline locations that belong to each of the six regions included on the world map. Then, write the tally numbers in the blank boxes provided next to the labeled world regions.
