

not for ordinary mortals

Rebel Brain

Cognitive function is on everyone's mind in today's fast paced world. Staying focused, calm and remembering all that we have to stay on top of is more than just a mild concern. Whether you are a student trying to keep up with your peers in grade school and college or a senior trying to preserve your precious memories, your cognitive function is top priority.

Backed by clinical research and thousands of years of empirical use, the herbs in our brain formulas are proven and time tested. Rebel Brain formulas are found in two super premium supplement formulas; Nuroade and Nurosteady, available for integrated health professionals and the patients under their care.

Contains NuroLight® US Patent 8.110.229 & 8.394.429

Formula #11 Nurosteady

This formula contains NuroLight[®] (a patented 5 herb blend of CO2 extracted flax seed, rosemary, bacopa, celastus paniculatus and ginger). The daily dose is the two soft gel capsules. Which is the dose from the clinical trials used to establish the NuroLight patents (the blue color of the capsule comes from black currant extract). Generally this is used for adults and children under age 40 to help support calm focus and IQ scores.

Formula #52 Nuroade

This formula contains NuroLight[®] (a patented 5 herb blend of CO2 extracted flax seed, rosemary, bacopa, celastus paniculatus and ginger) and rebel turmeric holistic extract. This single soft gel capsule dose is most commonly used by people over 40 to help maintain a healthy normal memory and memory retention (the dark green color of the capsule comes from chlorophyll). The single capsule dose improves compliance and still contains all the botanicals needed for normal cognitive function.

IQ Analysis: Box plot showing mean IQ score (with 95% CI) at baseline and 360 days

The graph shows the difference in range of IQ score at day 0 and at the end of day 360. From this graph it is clear that the lowest score at day 360 is still higher than the highest score on day 0.

Why use NuroLight in brain formulas?

- Clinically shown to support IQ scores
- Supports normal healthy focus and concentration
- Supports normal memory and memory recall

Our herbs used in NuroLight are grown on certified organic farms that we own and operate or from the cooperative of certified organic family farms that we created and funded in South Western India.
