

**The Veil Between the Worlds:**  
**Day of the Dead SoulCollage® workshop**  
*facilitated by Beverly Gordon*

Are you hoping to be closer in touch with your own inner wisdom and guidance? And to do it in an easy, almost magical way? SoulCollage® is an exciting and powerful process of working with visual images (cutting and pasting from printed photos--no particular skill, artistic ability or experience needed) and then using the cards to access information from your own inner self. You develop both intuition and personal imagery by creating cards that function as a personal "deck" that can be used as tools for individual exploration.) The card-making is satisfying and fun (it is addictive!)—and it is a discovery in itself—but it's only the first part; then you learn to do "readings," to explore what the cards you created have to "say." The process is direct and delightful: certain images call to us and show us what they want us to know, and the readings take us to our deepest level of wisdom.

**Sunday Nov 1, 1-5 pm Madison location to be announced**

*In Mexico, this is the time of the year when the souls of the dead are believed to return to be honored and recognized. In alignment with this idea, on this day we honor the memory of ancestors, friends, and all those who have gone before. We thank them for their help and attune to their guidance. Our cards may take a variety of forms: they may follow the idea of the SoulCollage® community suit, where they embody particular individuals in our lives, or they may reflect any kind of wisdom that comes through to us, even between the worlds. All materials provided. Cost: \$35 prepaid; \$40 day of workshop.*

Preregistration required (and space is limited, so don't delay!)
