

Science North will travel to you this summer!

Our travelling outreach team will bring fun, hands-on and engaging exhibits that will amaze, inspire, and wow your visitors, leaving a lasting impression of their experience at your event! With our high impact science activities for all ages, you will increase their length of stay. With one phone call or email, science can be en route to you!

3! 2! 1! Blast off on an adventure in all things space!

Discover gravity, constellations, planets and much more with our 7 hands-on exhibits that are sure to have visitors gravitating your way!

Science North is an agency of the Government of Ontario and a registered charitable organization #10796 2979 RR0001.

Have you ever wondered what the sun looks like up close? Peer through our solar telescope and find out what sun spots really are!

Learn about the wonders of our universe by exploring planets, black holes, galaxies and moons.

Do you have what it takes to be an astronaut? Your young astronauts can test themselves to see if they have the reflexes and knowledge required, and take a spinning ride on our "vomit comet."

Visitors can build a robotic arm, try their hand at shooting a balloon rocket, and join the Bluecoats in experimenting with the vacuum of space! This and so much more with Science En Route!"
