

BARRIO

Our Coffee

Our seasonal Coffee is Distrito Paraiso, a women producer group from Garzon, Huila Colombia. We purchased this coffee through Silo Coffee Store in Melbourne. Enjoy as an espresso and as a decadent milk coffee.

Our feature black coffee is Duromina, a renowned cooperative with over 200 members from Agaro Ethiopia. This washed coffee is predominantly an Heirloom varietal grown and hand picked on small family plots. Enjoy as an espresso, long black or manual brew.

Our Milk

We aim to feature the best local unhomogenised milk to accompany our coffee. To ensure supply and quality we rotate three south coast dairies across the week. The Pines from Kiama, Tilba Tilba jersey and Bodalla.

We make a dairy free nut milk in house. It comprises macadamia, cashew and almonds with some raisins for natural sweetness to pair beautifully with our coffee.

Drink

Batch brew coffee <i>joran benavidez / distrito paraiso</i>	4
Flat white <i>distrito paraiso</i>	4
