

Principal's Message –

It is with great pleasure that I welcome you to another new year at Herman Furlough Jr. Middle School. As with every new school year there are feelings of sadness as another summer comes to an end. I want to take this opportunity to help make this transition back to school a much easier one while letting you in on a little known secret... **It's going to be another great year!** Students will meet new friends, meet new educators, and enjoy new classes like Career Portals and Keyboarding. Furthermore, students at FMS will receive an education built upon the foundation of sound character development. The FMS family of educators will model good character traits and expectations throughout the school year and will be here to support our/your students with every facet of student success through education.

The FMS family is excited to welcome in a new group of seventh grade students and to continue the academic growth with our returning students as well. It is an honor that you have entrusted us with your student's educational success. With the combined support of both community and parents, **WE WILL NOT FAIL!**

I look forward to meeting you all, so don't hesitate to stop by for a visit and check out the great things going on at Furlough Middle School.

GO TIGERS!

Jay Thompson, Principal
Herman Furlough Jr., Middle School
(972) 563-7501

Every Child, Every Chance, Every Day.
