August 12, 2015

Dr. Julie Kolzet

Dear Dr. Julie,

Thank you so much for agreeing to lead the initiative for inclusion of “Healthy Mind, Healthy Body” anchor area as part of the 2016 American Diabetes Association Expo at the Jacob Javits Center-North Wing on Sat., Aug. 30. We will be incorporating the mental complications of such concerns as depression, self-esteem, adaptation to diabetes-related medications, sexual dysfunction, sleep disorders, limb loss among others.

We have benefited greatly since your initial volunteer participation with the 2015 Expo as an “Ask the Expert” resource, and appreciate your ongoing involvement in ADA’s mission, community outreach programs and immersion in the ADA’s annual Scientific Sessions, where we hope to have you present in New Orleans in 2016.

We are indebted to your commitment toward ADA’s work and the importance of mental health complementing diabetes-related complications. Thank you for your presentation to our Board of Directors, and we look forward to working in cooperation with you.

Kevin Shippy, Executive Director-ADA of Greater NY
