V1:

C F  
Stealing glances from a distance,  
C G  
Never thought that I,  
C F  
Would be the one you'd wanna hold,  
C G C  
And sing with every night,

C F C  
When I saw your face and heard your voice,

I never thought that we would,  
C F  
Dance and fall in love,  
C G C  
So call me crazy if you want but,

C F  
Chasing shadows for a while,  
C G  
Until we finally found the door,

That let us see the you and me,  
C G F  
The lights were shining on,

C F  
Some would scoff and stare at us,  
C G  
And some would laugh and cry,  
C F  
And others asked our age and wage,  
C G C  
And raised their eyebrows in surprise,

Tell you where you are,
