Pentucket Arts Foundation Arts Connecting Community Grant Program

Public Art Grant

Application period: January 15-March 15

Award: up to \$2,000

Grants announced: April

Project completed by: one year from date awarded

The goal of the "***Arts Connecting Community Public Art Grant***" is to engage our community in the creative process as a way to foster connections and enrich lives. We are looking to provide seed money or funding for highly interactive, community-driven Fine and Performing Arts projects that appeal to the widest segment of people from the Pentucket Region. Projects that take place outside of Groveland, Merrimac, or West Newbury will only be considered if they are specifically designed to engage residents of our Tri-Town Region.

While the Pentucket Arts Foundation always seeks to support local artists and Arts organizations, residency is not a requirement in applying for funding. We are simply interested in immersing our community in new and exciting Arts experiences. A preference will be given to projects that are interactive in nature and to those that give local folks a chance to participate in the Arts in ways they haven't before. When possible we seek to fund projects that involve the audience in the conception, creation and/or presentation of the work.

(NOTE: Pentucket teachers seeking funding for projects specifically for Pentucket students or the six Pentucket Regional schools should apply for our Educational Grants at www.pentucketarts.org)

Please submit completed 3-page application to:
