

# Festival Safety

## Loci and Construction 1

When printing this sheet make sure actual size is selected so scale is correct.

For Crowd safety some areas have to be kept clear or fenced off.  
The fence for the stage safety zone needs to be 3m from the Stage.  
The exits must have a safety zone of 2m marked out to keep clear.  
The lighting rigs (marked with dots) need to have a 1.5m fence around them.

↔  
Scale 1cm = 1m

# Festival Safety

## Loci and Construction 2

When printing this sheet make sure actual size is selected so scale is correct.

For Crowd safety some areas have to be kept clear or fenced off.  
The fence for the stage safety zone needs to be 2m from the Stage.  
The exits must have a safety zone of 2m marked out to keep clear.  
The lighting rigs (marked with dots) need to have a 1.5m fence around them.
