

Dear Garrett

July 11, 2013

I want to sincerely thank you for the (major!) part you played in the selling of my house. I know it must have been a challenge due to its many "unusual problems" and I truly appreciate the professionalism and honesty you showed when dealing with them.

I know my house was not the only one you were working with at the time, but I always felt you had a sincere interest in sell mine: you truly became "my" realtor. You treated me with respect and patience, and were in constant communication which helped relieve any confusion or frustration on my part. I'm convinced the reason my house is now sold, whereas others around the areas are still not, is due to your diligent contact and follow-through with the buyer. Working with you was a real pleasure and I'm delighted with the results, both with the buyer and the negotiated price.

My guess is Gary's probably the best mentor a young realtor could have, and in my opinion you proved yourself to be worthy of very high praise for the job you did in his absence. Gary may have taught you well, but you learned well too. I have, and will continue to eagerly recommend Masciel Realtors to others.

I wish you great success in your future as a realtor, and true happiness in life.

With deep appreciation and a sincere thank you.
