

What does SpaCloth® do?

Every day, your skin sheds layers. The top layer of skin dies and starts to flake, clogging your skin's surface and preventing the new healthy, younger-looking skin underneath from coming to the surface. **SpaCloth** sloughs off these dead cells by massaging and exfoliating the skin in a luxurious lather with its patented pleat technology. The massaging action also promotes blood circulation, revealing healthy radiant skin

Have the Spa experience everyday NOW! Bring luxury home with SpaCloth, the patented microdermabrasion, soap-retaining, pleated bath product line with thousands of exfoliators to make your skin glow. SpaCloth extracts dirt, grime and sweat that clogs and suffocates pores.

What is SpaCloth®

- **SpaCloth's** textured folds Exfoliate, Rejuvenate and Invigorate your skin like no loofah, puff, or washcloth ever could!
- **SpaCloth** is the ONLY patented body-exfoliating cloth. Skin is pampered as dulling dead skin cells and dirt are whisked away, revealing healthy, glowing, younger-looking skin.
- **SpaCloth** cleans without chemicals, leaving skin soft and supple.
- **SpaCloth** is the premier bath cloth for the discriminating customer.

How is it better?

- **SpaCloth** is cleaner, safer and more hygienic than other bath products. It does not harbor bacteria and is easy to use.
 - **SpaCloth's** patented textured folds are constructed of a high-quality 50/50 blend of cotton and nylon. It will not fall apart like other bath products.
 - Other products simply move dirt around on the surface of the skin. Spa Cloth efficiently exfoliates away dirt, pollutants, as well as dead skin cells.
 - **SpaCloth** promotes circulation while leaving skin tingling clean.
 - Similar products are much too harsh, constructed either of abrasive nylon or rough natural loofah, they can actually cause small tears in the skin. **SpaCloth's** cotton/nylon blend will not harm skin.
- SpaCloth** is available in five unique designs, one is perfect for every body!

5 different products, 2 different strengths!

All of our products are available in three color choices: Yellow/ Green stripes, Pink/Purple stripes, or White. (Except for Deluxe, which is only available in White). The White cloth is made of a tighter weave, allowing for a more astringent exfoliation. It is perfect for people who want a more powerful cloth, however it is not recommended for those with sensitive skin. The Yellow/Green and Pink/Purple striped cloths are gentler, offering a more luxurious exfoliation and perfect for everyone.
