

Support Junior Racquetball

Thank you for your interest in supporting the Iowa Racquetball Association (IRA)*. Your donation is vital to keeping the momentum going for junior racquetball in our state.

Because of supporters like you...

Since the IRA was rekindled in 2012, junior racquetball has made tremendous strides in Iowa. In fact, the corporate support we received was so strong, we were chosen the very next year to **host the 2013 USA Racquetball Junior Olympics** in Des Moines. And when the event was held the following year in Denver, Iowa ranked **5th in the nation** for participation. In 2016, we hope to bring the Junior Olympics **back to Des Moines**. As for building champions, we've done that too! Three of our young athletes already hold **multiple national gold medal titles** — titles they would like to defend at the 2015 Junior Olympics.

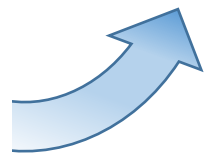

Our shared commitment

This year, the IRA is covering the cost of entry fees for any Iowa athlete who wishes to compete in the June 24-28 Junior Olympics in Stockton, CA. This is a relatively small investment, however, compared to the travel and lodging expenses our team will incur. This is where you come in. **Will you please help send our team to Stockton?**

Your rewards

Although we're raising funds for our trip this summer, you'll find that many of the benefits we offer are actually **sustained** well beyond this event. This isn't a "one and done" proposition. When players, parents, fans and community members see your company name and logo, they won't just see it once. They'll see it **multiple times in multiple venues** throughout the year!
