

Have you ever wondered what happens to your recyclables?

- Find out by following the journey of a cereal box from the recycling carts all the way back to the store shelf in our new 10-minute video.
- Get an exciting, up-close look at how materials are collected, then separated by machines and hard-working people into over a dozen categories and made into new products.
- Learn more about how recycling impacts our community, local economy, and the environment, and why everything you recycle makes a difference!

Call us or fill out the request form on our website to host a viewing party.

Thank you for recycling!

Watch the full **Story of a Cereal Box** video at www.eurekarecycling.org.

Eureka Recycling is a local nonprofit whose mission is to demonstrate that waste is completely preventable. Through our zero-waste approach to recycling, we demonstrate the importance of recycling for our local economy, jobs, and world. Check us out at www.eurekarecycling.org.
