Who May Use This Form - Cigarette / tobacco products retailers may use this form to document their compliance with Health and Safety Code, Sec. 161.085, which requires retailers to notify their employees and agents of state law regarding the retail sale of cigarettes and tobacco products.

When to Use This Form - Photocopy and use this form to provide the required notification to each employee within 72 hours of when the employee begins selling tobacco products at retail. The retail employee must sign the form as proof that notice was given. (*Health and Safety Code, Sec. 161.085*)

Record Keeping Requirements - *Retailers are required to retain the signed employee notification form at the retail location to which the employee is assigned for the duration of employment and for 60 days after the individual leaves employment. Retailer Violations - A retailer is subject to disciplinary action if an agent or employee of the retailer commits an offense under Health and Safety Code, Subchapter H, Chapter 161, and the retailer failed to prevent the offense through adequate supervision and training of the agent or employee. If the Comptroller finds, after notice and an opportunity for a hearing, that a retailer has violated Health and Safety Code, Subchapter H, Chapter 161, at a place of business for which a permit is issued, the Comptroller may suspend or revoke the permit for that place of business or assess an administrative fine in an amount up to \$1000 per violation.
