

28 Day Diet

Loose Up To 37 Pounds In 28 Days
Visit: www.GetAdvice.info/28daydiet

Important Information

- Make sure to drink plenty of water
- Vegetables must be steamed or boiled in water without adding any chicken cubes or broth, but you can add pepper, salt, spices, garlic and onions.
- Do not use any kind of oils, pats of butter or margarine
- You can have tea and coffee at any time but with no sugar (you can use artificial sweetener).
- You can drink on or two glasses of any diet soda.
- If you feel hungry, you can eat any quantity of cucumbers, lettuce, or carrots according to the following guidelines: **You can eat them only after 2 hours have passed since the main meal. **You can eat only one kind of these vegetables between meals.
- This diet must be followed strictly as specified. If you miss one day you have to start the diet again for the beginning of the first day.
- Regular exercise is highly recommended- inside or out the house, during the diet.
- A numeric weight balance is recommended to give a better reading for your weight loss; the best time to weigh is in the morning after your shower.
- You should strictly follow the diet as is, without replacing the breakfast meal with lunch or dinner or vice versa.
- At the end of your diet, you will feel full even after eating small amounts of food, and you will be able to keep you new weight for many months and even many years, but with moderate eating of sugar and carbohydrates (bread, rice, potato, etc.)
- You can redo this diet by repeating the first week and the fourth week twice.

Directions For The 28-Day Diet

- Weigh yourself at the beginning of this diet and also when you finish it (4 weeks); and you will be thrilled to find how much weight you have lost.
- This diet does not depend on calories, but upon the vital chemical interactions in your body. That is why it should be done with extreme accuracy and maintained with strict compliance to the quantities specified. Also, do not replace any kind of food with another even if you omit any food specified for each day.
- You can eat any quantity of each item that makes up a meal until you feel full.
- This diet is recommended for all ages without any need to take any type of vitamins or minerals.

Warning!

You must follow the exact steps outlined in this video. If you miss any component or one day with this diet you must start over from the beginning. However if you follow this diet system exactly you will be amazed at the results you receive.

The Risk Of Not Having A Healthy Diet

- **Overweight**
- **Coronary Heart Disease**
- **High blood pressure**
- **non-insulin dependent diabetes**
- **Constipation**
- **Joint pain**
- **Being out of breath**

Your risks multiply if you eat too much animal fat, smoke, drink alcohol and take very little exercise. However following the 28 day diet will help avoid these risk and will reduce your weight fast.
