Thank you for your email of 21 September.

I am grateful for the update on the work being undertaken in Oxfordshire towards proposals for local government reform.

As you will be aware I am keen to promote local government reorganisation where areas want this and there is a good deal of local consensus. I believe this will enable better local service delivery, greater value for money, stronger and more accountable local leadership and significant cost-savings, along with sustainable governance structures.

I look forward to seeing your proposals in due course

RT HON SAJID JAVID MP
