OATS Named Rural Community Transportation System of the Year

OATS, Inc., was named the 2016 Rural Community Transportation System of the Year by the Community Transportation Association of America at its annual Awards Banquet, held this year in Portland, Ore on May 25. The system was recognized for its efforts in improving service to its passengers and serving the community.

The award, presented annually at the Association’s national EXPO, recognizes excellence by rural transit systems in serving the needs of people in their communities. Association Board Regional Director Bill Osborne – a fellow Missourian – in presenting the award, said, “there have been few recipients of our Rural System of the Year award that are more commonly associated with the heart of the community transportation movement than this year’s winner. Serving 87 – yes 87 – of their state’s 144 counties, this agency’s purpose is simple: ensuring everyone has access to transportation.”

Osborne also noted “that from serving children in Head Start Programs, taking meals to home-bound older persons, providing paratransit services in large urban regions and demand-response options in the most isolated rural areas, this system truly does it all.”

OATS Executive Director Dorothy Yeager accepted the award on behalf of the organization’s board of directors and 700 employees. “This award has great meaning for us,” said Yeager. “CTAA represents the best in community transportation nationwide and to be recognized by them is truly an honor.”

The Community Transportation Association, established in 1989, is a national non-profit, membership association committed to removing barriers to isolation and improving mobility for all people. The Association provides informational resources, technical assistance, training and certification, and many additional resources to communities, transportation providers, and other groups to increase mobility and improve the quality of community and public transportation.

OATS is a non-profit, tax exempt organization. Donations are tax deductible.

OATS, Inc. is a private, not-for-profit organization providing transportation in 87 counties in the State of Missouri. OATS service is available to the GENERAL PUBLIC in the rural areas with priority service to senior citizens and persons with disabilities. Anyone living in rural areas whose needs can be met by OATS’ service schedules is eligible to ride their local OATS bus.

In urban areas (Columbia, St. Louis, St. Joseph, Springfield, Kansas City), current services are limited and not available to the general public. Contact the OATS Regional Office for information on services available to seniors and persons with disabilities or to enter into an agreement to pay for services received. OATS operates its programs and services without regard to race, color, and national origin in accordance with Title VI of the Civil Rights Act. OATS is an equal opportunity employer.

To schedule a ride, call the contact listed on the bus schedule for your county or call the nearest regional office listed above. The OATS service is low or no cost, depending on availability, local funding or if you are eligible to ride under various grants OATS receives.

OATS receives Federal Transit Administration funding administered by the Missouri Department of Transportation for both operation and capital. Additional funding for transportation is made available through Title XX of the Social Security Act as administered through the Social Security Block Grant.

Grants, Title III-b of the Older Americans Act and State of Missouri Elderly and Handicapped Transportation and Assistance Program. To receive these funds, OATS contracts with the following Area Agencies on Aging: Care Connection for Aging Services; Mid-America Regional Council; Mid-East Area Agency on Aging; Northeast Missouri Area Agency on Aging; Southwest Missouri Office of Aging; and Region X Area Agency on Aging.

OATS also contracts with the MO Department of Mental Health, the MO Health Net’s NEMT broker; and numerous other agencies in coordination of service. Revenue is also generated through rider donations, grants and fundraising efforts.

Sedalia, Missouri

This year, Senior Day at the Fair will be held on Wednesday, August 17. Senior Day at the Fair, sponsored by the Sedalia Democrat, will host a series of events for seniors. Each adult and senior presenting a special Sedalia Democrat front page Fair banner will also receive $2 off their gate admission, valid August 17 only. There will be a variety of entertainment in the morning and a dance contest in the afternoon. All this takes place inside the air-conditioned Mathewson Exhibition Center, which is a great way to get out of the heat and pick up some goodies. If you plan to attend, be sure to stop by the OATS Transit booth and meet our crew.

Check for Fair highlights, concerts, events and more online at www.mostatefair.com. Hope to see you at the Fair!

Guardian Life Insurance Company, St. Louis
Midwest Transit Equipment, Kankakee, IL
Mutual of America Life Insurance Company, St. Louis

Above is just a partial listing of event sponsors to date.

We are saddened by the death of former OATS state board member Lillian Metzger, who passed away on May 11 in Troy, MO. Lillian was very active with OATS and served on the board from 1999-2010. Lillian – along with her husband John – were well known to OATS as tireless volunteers for senior affiliations and programs long before the Lincoln County OATS Support Committee elected her to serve on the OATS Board in 1999. For 11 years, until her retirement from the board in 2010, Lillian was an active member who served during a critical growth period for OATS. During her tenure, OATS saw a 23% increase in service.

**Macon Chamber Recognizes OATS**

The Macon Chamber of Commerce recognized OATS for 45 years of service during their annual banquet on April 1. Sheree Webb (pictured far left) was on hand to accept the award on behalf of the organization.
**Rider Spotlight**

Rosa Bradshaw

Driver Spencer Brammer would like to recognize one of his many special riders, Rosa Bradshaw. Rosa lives in Canton, Mo and has been a faithful rider with OATS for over 6 years. She specifically requests transportation from OATS each time she needs a ride. Rosa says “OATS drivers are polite, helpful, and safe.” She also appreciates that they are always on time for pickups going to and from her medical appointments. Spencer added “Rosa is very organized, pleasant and a joy to transport.”

**Driver Spotlight**

Craig Hackney

Craig Hackney has been driving for OATS for four years now and has been a great asset to our Southwest Region operations. In March of this year, Craig started his day as usual, but that quickly changed! When exiting the Walmart parking lot in Lamar, MO, he noticed a citizen approaching the bus with her arms flailing as if in distress. Craig asked if she was ok, but discovered she was having problems breathing. He took immediate action to began the Heimlich Maneuver which caused the object to dislodge. No driver ever expects to have to use life-saving measures, but when they do, OATS drivers are trained and prepared. Thanks to Craig, he saved this person from what could have been a completely different outcome. Its not everyday that we hear of, or witness, somebody saving another’s life. We are proud to have Craig on our staff!

Rider Rights - What Riders May Expect From the OATS Driver:

- Assistance when getting on and off the bus.
- Respect and courtesy.
- A safe manner of driving including following the posted speed limits.
- Assistance to and from the door of your home to the door of your destination. (OATS drivers will not go inside a rider’s home, nursing home room, etc. and provide personal care, such as dressing the rider.)
- Assistance in fastening seat belt when needed. (Your driver has the right to refuse service to anyone who will not wear a seat belt.)
- Guidelines as to how much time may be spent at each destination.
- Assistance in carrying purchases from the bus to rider’s doorstep (riders who can carry their own purchases, should.) OATS does reserve the right to limit the number, and size, of packages allowed on the vehicle. This will be at the discretion of the OATS Driver based on that day’s space constraints.
- The right to bring on board service animals and necessary medical equip-ment.
- Guidelines concerning scheduling of the bus.
- Assistance in setting up group travel, including a price quote.
- Assistance in scheduling appointments for long distance medicals.
- Timely notification of any trip cancellation.
- The right to request that each rider follow the Rules of Conduct; when nec-essary, report infractions to Regional Director.

Riders who feel their driver has not followed these guidelines should report the infraction to their Regional Director including date, time, and place.

Rider Rules - What OATS Expects From the Rider:

All OATS riders are required to conduct themselves properly and in such a manner as not to offend others when riding an OATS bus. Behavior which distracts the driver or annoys other passengers will not be tolerated. To make the ride pleasant for everyone and to avoid safety risks, riders are asked to do the following:

- Refrain from talking in such a manner that disturbs other passengers.
- Avoid talking to the driver when the bus is in motion; however, it is permissible for a passenger to give the driver directions to an individual’s home or destination.
- OATS prohibits anyone from possessing or carrying weapons of any kind on company property, in company vehicles, or while on company time. Law enforcement officials, security guards, and other individuals who have been given consent by OATS to carry a weapon on the property will be allowed to do so.
- Do not leave your seat when the vehicle is in motion.
- Do not eat or drink on the bus; open containers are not allowed.
- Always wear your seatbelt when the bus is in motion; wait until the vehicle has come to a complete stop before removing it.
- Do not smoke or chew tobacco or snuff on the bus.
- Do not spit on the bus; also, cover your mouth and nose when you sneeze or cough.
- To protect the health and well being of our passengers and OATS personnel, OATS requires all passengers maintain an acceptable standard of personal hygiene and to wear incontinence protection if needed. Failure to conform to this policy will result in follow-up by the Regional Director to determine if corrective action is needed, including suspension of service until resolved.
- Do not fight, engage in horseplay or argue with others on the bus.
- Do not curse on the vehicle.
- Do not engage in inappropriate touching, visually or sexually offensive behavior.
- Do not solicit on the bus.
- Notify OATS in a timely manner if you need to cancel your trip.
- Be ready to go when the bus arrives. Have your belongings together, your coat on and ready to walk out the door.
- Always treat your fellow riders and the driver with respect.

Failure to follow these rules may result in denial of service. When a rider violates any of these rules, the driver is to show the individual the rules and ask him to comply with them.

Each time an individual refuses to comply or repeats violations of the rules, the driver is to file an Incident Report with the Regional Director on the day the violation occurs. The Regional Director shall determine whether to suspend ridership privileges.

Other safety infractions which will result in denial of service include:

1. The parent(s) or guardian of a child weighing less than 40 pounds shall provide an approved child’s seat which can be secured with a conventional seat belt. No child under 40 pounds shall be transported without an approved child seat. Children or infants are never to be held in the lap of an adult while the vehicle is in motion.

2. Individuals known to have an infectious disease (such as tuberculosis, or childhood diseases such as chicken pox, etc.) or head lice shall be denied service pending notification that the disease has been rendered non-infectious.

3. Bringing any form of weapon on board the vehicle including explosives; all firearms; and all knives (except for small pocket knives).

In these three cases, the driver may deny service one time. The driver is then to contact the Regional Director immediately (or at least prior to the next time the rider is scheduled to be picked up). The Regional Director will contact the appropriate individuals and/or agencies to determine if ridership privileges are to be suspended and for how long.

The number one goal of OATS has always been to safely transport our riders to their destination. To help us achieve this goal, the following guidelines have been set:

**Scooters:** Three-wheeled scooters present a major safety risk when being transported because of their propensity to tip. This is due to the size and center of gravity of a scooter with a client seated on it. The safest way for riders who use scooters to board an OATS vehicle is to board the vehicle on foot with assistance from the driver. It is OATS policy to request that riders using scooters transfer to a regular seat to ensure you are safely secured using a seatbelt. The scooter can then be secured without the fear of passenger injury from tip over. OATS strongly recommends no rider be transported while seated on their scooter.

**Seatbelts:** All OATS drivers and passengers are required to fasten their safety belt before the vehicle is moved. The driver will assure that usable seat belts are available for all passengers and that everyone is properly belted in before the vehicle moves. OATS will not be held responsible for injuries occurring as a result of passengers unfastening or loosening their seatbelts to the extent the rider is no longer considered strapped in safe after the driver assured they were fastened.

**Child Seats:** Conventional seat belts are safe for children only if they weigh more than 40 lbs. Children smaller than 40 lbs. may ride only if the person scheduling the ride provides an “approved” child seat which can be secured with a conventional seat belt. It is not legal for other riders to hold a child or infant on their lap while the vehicle is in motion.

**Portable Assistive Devices:** There are a variety of different types of assistive devices used by those with mobility impairments. When the rider has been seated and buckled in, the driver must assure that devices such as canes, walkers, braces, etc. are safely stowed where they will not present a tripping hazard to other riders and tied down so as not to become a projectile in the case of a sudden stop or accident. The driver will return the assistive device to the rider prior to making any attempt to assist the rider in leaving the vehicle.

**Lifts/Ramps:** Lift and Ramp equipped vehicles were designed to board passengers who use mobility devices. It is recommended all ambulatory riders board the vehicles by using the steps with assistance from the driver. It is the rider’s responsibility to let the driver know before they board the vehicle if they prefer another option, and allow the driver to assist them in getting into the vehicle safely.

**Wheelchairs:** The lift platforms on OATS vehicles are 30 inches wide and 48 inches long. OATS lifts are factory-set by the manufacturer not to exceed 800 lbs. Any rider using a mobility device with three or more wheels and the combined weight of that rider, accessories and chair is no more than what the lift is set to hold can be eligible to ride. Mobility devices must be in secured area on the vehicle, and cannot extend into the aisle after being secured. Aisles must be clear in case of an emergency evacuation. It is best practice that wheelchair passengers be secured with a torso pad supplied by OATS or by the wheelchair’s own seatbelt system as this assures they are secure in their seat for both loading and unloading and during the ride. This torso pad will be placed on the rider by a trained driver at the time of pick up.
Rider Grievance Procedure

Informal Procedure
OATS encourages riders who have complaints or suggestions for improvements to resolve the situation informally with their county committee, contact, driver and/or Regional Director. Most service problems are simply the result of a misunderstanding or poor communication. If a situation cannot be resolved at the local levels, the formal Grievance Procedure may be followed.

Formal Procedure
Riders who feel they have been unfairly treated or not treated according to OATS rules and regulations, should first notify both their county committee chairperson and Regional Director in writing requesting a formal review of their recommendation. All recommendations must be signed by the rider.

The Regional Director will contact the appropriate county chairperson within five working days of receipt of the recommendation to schedule a review before the county committee. The Regional Director shall also notify the OATS Executive Director at the same time.

The Regional Director will then notify the rider in writing of the date, time, and location of the next county committee meeting and the scheduled review. The county committee will sit in executive session, with the Regional Director and driver present, at its next meeting as a Local Service Complaint Review Committee. At this point, the local rider will have an opportunity to present their recommendation for change. The Local Service Complaint Review Committee will then meet behind closed doors, with the Regional Director in attendance, to arrive at a decision.

Upon arriving at a decision, the Local Service Complaint Review Committee or Regional Director will tell the rider of their decision regarding the complaint or suggestion. If needed, the Regional Director will take the necessary steps to correct the problem or put the suggestion into action.

Within five working days of the decision the Regional Director will notify the rider again of the committee’s decision, this time in writing with the reasons for the final determination and the evidence on which it was based. A copy will go to the Executive Director.

Right of Appeal
Generally, OATS encourages local people to solve local problems. A local rider may request an appeal of the Local Service Complaint Review Committee's decision. The appeal must be filed in writing with the Regional Director at the regional office within five working days of the local committee’s decision. Should the rider not be satisfied with the Regional Director's decision, further appeal may be made to the Executive Director and, finally, the Operations Committee of the Board of Directors IN THAT ORDER.

Riders have the right to appeal to the appropriate funding agency for mediation of their complaint if they are not satisfied with the final decision made by OATS. Because OATS's funding agencies are too numerous to list here, if you do not know who funds your transportation you may send a letter to OATS, 2501 Maguire Blvd., Ste. 101, Columbia, MO 65201 requesting that information, or e-mail djyeager@oatstransit.org.

Please include your name and the county in which you reside. We will then find out who your funding agency is and provide you with their contact information. If you ride as general public, you may contact the Missouri Department of Transportation, 105 W. Capitol Ave., Jefferson City, MO 65102, telephone 1-888-ASK-MODOT or on the web at www.mdot.mo.gov. Or you may contact the Federal Transit Administration, 901 Locust Ste. 404, Kansas City, MO 64106, telephone 816-329-3910 or on the web at www.fta.dot.gov.

Accessibility (ADA) Compliance Procedures
In compliance with the Missouri Department of Transportation and the Federal Transit Administration, OATS, Inc. has developed a ADA Compliance Form and Procedures. This Policy provides for reasonable modifications/accommodations to practices and procedures to avoid discrimination and ensure that programs are accessible to individuals with disabilities. You can call us, download and use our ADA complaint form at www.oatstransit.org, or request a form by writing or phoning OATS, 2501 Maguire Blvd., Ste. 101, Columbia, MO 65201, 888-875-6287. Passengers with disabilities may request modifications to current service procedures to access the service. Please submit requests at least the day before the trip. To make a request, please call us at 888-875-6287.

Title VI Complaint Process
OATS, Inc. operates its programs and services without regard to race, color, national origin, age, gender or disability. If you feel you have been discriminated against on one of these characteristics, you have a right to file a complaint with OATS at the address above to the attention of the Executive Director. The complainant also has the right to file a complaint with an external agency such as the Department of Transportation, a federal or state agency or a federal or state court.

---

Rider Comment and Suggestion Form

Are you satisfied with the service you get from OATS? How could it be improved? Include a question about service, a compliment about service, or an idea. If you have a comment or suggestion, please let us know. Your opinions help OATS Serve you better! If you have a specific complaint, please follow the OATS Grievance Procedure.

### Employment Anniversaries

OATS employees who celebrated an anniversary this past quarter:

#### 25 Years
- Tanya Moore - Northwest Region Operations Coordinator
- Debra Taylor - Midwest Region Driver
- Pat Stanley - Franklin County Area Manager

#### 20 Years
- Jewell Vanfossen - Midwest Region Driver

#### 15 Years
- Linda King - East Region Driver

#### 10 Years
- John Staton - Midwest Region Driver
- Larry Bradley - Northwest Region Driver
- Robert Moore - Northwest Region Driver

### Pharm Fact: Summer Safety with Water Pills

With the summer heat, it is important to remember how to stay safe and avoid a common danger: dehydration. When doing activities that may lead to long days in the sun, such as farming or gardening, it’s important to keep in mind the risk of dehydration. As we age, the amount of water in our body decreases, so the elderly can be at a higher risk too. Dehydration begins with water loss through sweating or not drinking enough water. This risk can be worse for those taking diuretics sometimes called “water pills”. Common “water pills” are hydrochlorothiazide, furosemide, and chlorthalidone, to name a few.

A doctor will commonly prescribe “water pills” for people with high blood pressure or swelling in the body. “Water pills” work to increase the amount of water removed from the body in order to decrease blood pressure or swelling. On hot days this med may cause someone to lose too much water. “Water pills” and too much water loss can cause a change in electrolytes, which control key body functions. You may also have a higher risk of a sunburn if you take “water pills”.

If you have any questions, talk to your pharmacist. Your pharmacist is easy to reach, specially trained to keep you safe with your medications, and happy to help. Keep in mind the following safety tips during the hotter months:

- Wear lighter, looser clothes. Avoid tight, dark clothing. Dark colors will keep in more heat and tight clothing stops the body from being able to cool down.
- Wear sun glasses and a hat.
- Apply sunscreen and lip balm.
- Drink plenty of water. If you have health conditions ask your doctor how much to drink. In general, you should drink your weight in pounds divided by 2 which equals the number of ounces of water you should drink in a day. (Example: 150lbs÷2=75 ounces)
- Try not to drink alcohol or beverages containing caffeine while outdoors.
- Try not to do outdoor activities during peak sunlight hours (10am-2pm).
- Watch for signs of dehydration: headache, feeling dizzy when standing, feeling sluggish or tired, dry mouth, decreased urine amount or dark colored urine.
- Eat a well-balanced diet.
- Talk to your doctor about whether or not a multivitamin is right for you.
