DIAMOND INCLUSIVENESS™ ASSESSMENT (DIA) Basic Package \$1,000

The DIA is designed to help all kinds of organizations better define and shape their performance with culturally diverse employees, customers, and communities. The tool asks respondents to consider a comprehensive list of 64 observable situations, clustered within eight overlapping and intersecting dimensions. The survey takes an average of 20 minutes to complete. Within 48 hours of completing all surveys, you will receive a detailed Summary Report of the aggregated results as well as a Gap Report. You can then explore results with your participants via the facilitated debriefing (included), share the reports with stakeholders, and quickly and easily make strategic decisions about your next steps.
