DECODING OUR NUMBERS:

Providing the following information, as available, for each bull.

Act. BW • Actual birth weight

Adj. WW • Adjusted 205-day weight

Adj. YW • Adjusted 365-day weight

Dam #hd/wwr • Dam's number of progeny with weaning wt. information/average weaning wt. ratio on those progeny

Dam #hd/ywr • Dam's number of progeny with yearling wt. information/average yearling wt. ratio on those progeny

Rib Fat • Adjusted back fat measurement

REA • Adjusted ribeye measurement

MARB% • Adjusted MARB% measurement

W

elcome,

Our family would like to welcome you, your family and friends to our 44th Annual Bull and Female Sale, Monday, January 16, 2017. The sale will take place on our ranch 2½ miles east of Oshkosh, Nebraska right on Hwy. 26.

It has been quite a year in Western Nebraska. Mother nature really smiled on us with terrific calving weather in February and March, ample moisture in April and May resulting in one of our best grass and feed growing years and a pleasant fall to get cattle work and harvest completed.

With the uncertainty in the cattle market, one thing is certain and more important than ever is that high quality feeder cattle are worth more. With inputs continually rising, fast growing, feed efficient feeder cattle and replacement females are key.

We feel that our type of easy fleshing, growthy Hereford cattle will add efficiency to most any cow herd.

Our cow herd is managed without special treatment. We maintain our cow herd exactly as any good commercial operation — as inexpensively as possible. Our cows graze with no supplement nine months a year and calves receive no creep feed.

As you look through the catalog, you may notice subtle differences in the bulls, but from top to bottom, they all have certain things in common: efficient mother cows with good, trouble free udders; thickness over the back; big hindquarters; balanced EPDs; long, strong backs; straight sound legs; Hereford libido; eye appeal; deep ribbed; good hair; good fertility and unconditionally guaranteed.

This is a very powerful set of bulls. The quality runs deep through the entire offering. If you need heifer bulls, you will find 50-60 heifer bull prospects in this year's offering. We offer free delivery with a bull purchase of \$5,000 or \$100 off your bull if you haul them yourself. We offer delivery on the heifer calves at cost.

In approximately two weeks, you will receive a fact sheet with the offerings' final weights, pelvic measurements and scrotal circumferences. Ultrasound data on the bull calves will be available in early January. We will post it to the website and will be available sale day. We will retain a quarter semen interest in all sale bulls. Cattle will sell in catalog order.

Sincerely,

The Van Newkirk Family

Joe, Cyndi, Kolby and Meg and Barrett, Nick and Sara

Why Van Newkirk Bulls? COMPARE THE EPDS...

Hereford Breed (2013 Born Calves) AVERAGE	202 Van Newkirk Bulls AVERAGE
BW EPD 3.3.....	2.1 — Top 25%
WW EPD 48.....	53 — Top 30%

Several of the bulls offered are in the top 1% of the breed.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

Superior Productions

Rural TV Dish Channel 232, call 800-431-4452 to pre-register or on the internet at www.superiorclicktobid.com

DV Auction

Create an account at www.dvauctions.com at least 24 hours before sale and then tune in on sale day to bid.

*Must have high speed internet connection.

For more information, contact 402-316-5460

TERMS AND CONDITIONS:

The terms of the sale are cash and all settlements must be made at the close of the auction unless arrangements are made with owners prior to the sale.

Animals sold in this sale will be fed and cared for until the day following sale at the purchaser's risk. By that time, they will be turned over to the purchaser or loaded for shipment as he directs.

Any dispute as to the bids or bidders shall be settled by the auctioneer, whose decision shall be final and shall bind both owner and purchaser to the announcement of sale and sale price.

All animals of breeding age are guaranteed breeders. All untried animals are guaranteed to be without known defects, but nothing further. Animals failing to

breed after a trial of six months may be returned to the farm of the seller if in good condition. The seller reserves the right for six months to try said animal and, if it proves a breeder, to return it to the station of buyer at his expense. If the animal proves a non-breeder, a satisfactory exchange will be made. Complaint must be made within six months from the time of purchase.

Extreme care has been taken in copying each and every pedigree to avoid errors, but we are not to be held responsible for any error which might appear and which is beyond our control.

Insurance can be arranged through Harding and Harding Livestock Insurance agents, T.V. Jones or Art Handel.

YEARLING BULLS

This elite group of bull calves represent our latest and freshest genetics. Many of these calves could be used on heifers. We think you'll appreciate their length, thickness, and performance. They will not be highly fitted, but should weigh 900-1,000 lb. by sale day. Ultrasound data will be available on Facebook and our website in early January as well as sale day. These pictures were taken in November, you may want to check out their individual videos at www.vannewkirkherefords.com.

• Might have saved the best to last. Full brother to Kurt Johnson and Tom Christen bulls in last year's sale. Fully pigmented, thick made from end to end and deep made with an oh so good to look at muscle pattern.

**LOT 215****100 COMMERCIAL HEIFERS**

This is an outstanding set of 100 heifer calves-right off our replacements. The past two groups of these heifers have topped the bred heifer market and are making tremendous cows. They have had all their vaccinations, poured with ivermectin as well as their bangs shot. They will be lot numbered in weight order from the heaviest to the lightest and will be sold in groups of 10 or more.

REGISTERED SALE HEIFERS

These 12 top-notch registered heifers are all out of Sensation 028X and the first cut off our replacements. The half sisters to these heifers are making some of the best cows in our herd. They are moderate framed, easy fleshing, great uddered, and have exceptional EPD's. They have had all their vaccinations, been poured with Ivermectin and are Bangs vaccinated. Delivery available at cost. Individual videos are online at www.vannewkirkherefords.com.
